

# TSR-W PICATINNY/WEAVER SCOPE RINGS - TPS PRODUCTS TSR-W STEEL RINGS 34MM MEDIUM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

TSR "W" Series Rings, precisely machined from an alloy steel billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Weaver-style or Mil-STD 1913 (Picatinny) bases.

## Attributes

- Name: [TPS PRODUCTS TSR-W STEEL RINGS 34MM MEDIUM](#)
- Manufacturer: [TPS PRODUCTS](#)
- Product no.: 100003300
- Mfr. No.: 30691

# TSRW Picatinny/Weaver Scope Rings Safety Instruction Guide

## Introduction

Thank you for choosing the TSRW Picatinny/Weaver Scope Rings by TPS Products. These scope rings are designed to provide secure mounting for your optical devices while ensuring safety and reliability during use. Please read this safety instruction guide carefully to ensure safe handling, installation, and usage of the product.

## General Safety Guidelines

- Ensure that the scope rings are compatible with your firearm and scope before installation.
- Always handle firearms and accessories with care, following all applicable laws and safety regulations.
- Inspect the scope rings for any signs of damage or wear before each use. Do not use damaged products.
- Keep the scope rings out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only the recommended tools for installation to avoid damaging the scope rings or firearm.
- Do not exceed the specified torque settings when tightening the rings to prevent damage.
- Ensure the scope is properly aligned and secured before using the firearm.
- Avoid using the scope rings in extreme environmental conditions (e.g., excessive heat or moisture) that may affect performance.
- Regularly check the tightness of the scope rings, especially after heavy use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdriver.
- Ensure your firearm is unloaded and pointed in a safe direction.

### 2. Installation:

- Place the scope rings onto the Picatinny or Weaver base.
- Align the scope tube within the rings, ensuring it is level and properly positioned.
- Secure the cap of the rings by tightening the screws in the following order:
  - Tighten the left side of the cap first.
  - Follow with tightening the right side of the cap.
- Use a torque wrench to apply the recommended torque setting (consult the product specifications).

### 3. Usage:

- After installation, check the alignment of the reticle through the scope.
- Make any necessary adjustments to ensure optimal sighting.
- Always check the scope rings for tightness before each use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.

- Consider recycling the materials if possible.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please reach out to the manufacturer or your retailer.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your TSRW Picatinny/Weaver Scope Rings responsibly!
