

# AR-15 FLIP-UP HK-STYLE FRONT SIGHT - 1.3" FLIP-UP HK-STYLE FRONT SIGHT ALUMINUM DARK EARTH

[Rifle Parts](#) > [Sights](#) > [Front Sights](#)

## Rugged, Reliable Backup Sighting; Same Height As Factory Iron Sights

Rugged, flip-up sights provide failsafe backup when your primary optic or red dot sight fails. Sight body flips up easily when you need it and locks securely in place under powerful spring pressure and two locking detent balls, so it can't be accidentally bumped down until you hit the spring-loaded button on the left side of the base to retract it. Positions apertures at the same height as factory sights, simplifying integration of these sights on your rifle. Base clamps securely to any military or commercial Picatinny rail using a standard flathead screwdriver. No protruding knobs or levers to catch on brush, clothing, or other equipment. Sturdy, protective "ears" shield posts and apertures from impact. HK-Style Front - distinctive "globe" shape that aids in fast target acquisition under stress. Also available with a self-illuminating Tritium dot on the post for precise shot placement in low-light conditions.

# Safety Instruction Guide for AR15 FlipUp HKStyle Front Sight

## Introduction

Thank you for choosing the AR15 FlipUp HKStyle Front Sight. This product is designed to enhance your shooting experience by providing a reliable backup sight for your rifle. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation and maintenance of your firearm before using the sight.
- Always handle your firearm with care and treat it as if it is loaded.
- Store the sight and your firearm in a safe and secure location, away from children and unauthorized users.
- Regularly inspect the sight for any signs of wear or damage before use.
- If you notice any defects or issues with the sight, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Only use the sight with compatible firearms; consult your firearm's manual for compatibility.
- Avoid using the sight in extreme weather conditions (heavy rain, snow, etc.) that may affect its performance.
- Do not attempt to modify or disassemble the sight, as this may compromise its safety and functionality.
- When flipping the sight up or down, ensure that your fingers are clear of the mechanism to avoid injury.
- If using the selfilluminating Tritium dot feature, be aware that it may not be visible in bright daylight.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Using a standard flathead screwdriver, attach the sight to any military or commercial Picatinny rail.
- Tighten the screws securely to prevent movement during use.
- Confirm that the sight is positioned at the same height as your factory sights for optimal alignment.

### 2. Usage:

- To deploy the sight, press the springloaded button located on the left side of the base.
- The sight will flip up easily and lock into place. Ensure it is securely locked before use.
- To retract the sight, press the same button and gently push the sight down until it clicks into the closed position.
- Always check the sight's alignment and functionality before each use.

## Disposal Instructions

- Dispose of the sight responsibly at an appropriate recycling or waste disposal facility.
- Do not dispose of the sight in regular household waste.
- Ensure that all components are disposed of in accordance with local regulations.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or maintenance of the AR15 FlipUp HKStyle Front Sight, please refer to the manufacturer's contact details, which can typically be found on the product packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your AR15 FlipUp HKStyle Front Sight. Thank you for your attention to these important safety guidelines.
