

# SCOUT MOUNT - VLTOR WEAPON SYSTEMS SM-E SCOUT MOUNT

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

## Turns Handheld Flashlight Into Compact, Rail-Mounted Weaponlight

All-metal, low-profile mount converts a SureFire or similar handheld tactical flashlight into a compact weaponlight that gives you the versatility of weapon-mounted illumination without the expense of a separate light. Quick-detach design lets you remove the light from the gun and return it to handheld use in seconds. Triple-function cross-bolt with large, easy-grasp thumbscrew tightens the mount around the light body to prevent slippage under recoil and clamps the mount to any MIL-STD 1913 Picatinny or similar accessory rail. Also serves as a recoil lug to prevent unwanted movement of the mount on the rail. Retaining pin captures cross-bolt so it can't fall off when the mount is removed from the weapon. Models available to fit three flashlight body diameters, listed below. Off-set models let you position the light to the left, right, or below the rail, approximately 1 $\frac{1}{4}$ " off-set from the centerline of the rail.

## SCOUT MOUNT Safety Instructions

### Introduction

Thank you for choosing the SCOUT MOUNT VLTOR WEAPON SYSTEMS SME SCOUT MOUNT. This product is designed to convert a SureFire or similar handheld tactical flashlight into a compact weaponlight, providing you with effective weaponmounted illumination. To ensure your safety and the optimal performance of this product, please read and follow the safety instructions outlined in this guide.

### General Safety Guidelines

- Ensure the mount is compatible with your flashlight model before installation.
- Always inspect the mount and flashlight for damage before use.
- Do not exceed the recommended weight limits of the mount.
- Keep the mount and flashlight out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Always secure the flashlight properly to prevent it from detaching during use.
- Avoid using the mount in extreme temperatures or conditions that may compromise its integrity.
- Do not modify the mount or flashlight in any way that may affect their performance or safety.
- Use the mount only for its intended purpose; do not use it for any other applications.
- Ensure that the thumbscrew is tightened adequately to prevent slippage during use.

### Instructions for Installation and Usage

#### 1. Installation:

- Begin by ensuring that the weapon is unloaded and safe.
- Choose a suitable position on the MILSTD 1913 Picatinny or similar accessory rail for mounting.
- Align the mount with the rail and slide it into place.
- Use the large thumbscrew to tighten the mount securely around the flashlight body.
- Ensure that the retaining pin captures the crossbolt to prevent it from falling off when the mount is removed.

#### 2. Usage:

- To detach the flashlight from the mount, loosen the thumbscrew and slide the mount off the rail.
- For handheld use, simply remove the flashlight from the mount.
- To reattach the flashlight, repeat the installation steps above.

### Disposal Instructions

- Dispose of the SCOUT MOUNT and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for designated recycling facilities for metal and plastic components.

### Contact Information for Further Support

For any inquiries regarding the SCOUT MOUNT VLTOR WEAPON SYSTEMS SME SCOUT MOUNT, please refer to

the contact information provided by your retailer or manufacturer.

By following these guidelines, you can ensure a safe and effective experience with your SCOUT MOUNT. Thank you for your attention to these safety instructions.
