

# O-RING CLEANING JAGS - TCS .35/9MM/.357/.38 CAL. CLEANING JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

## Increases Patch Pressure On Bore For Improved Cleaning Action

Solid aluminum jags with rubber O-rings are ideal for cleaning the bore of your gun without worrying about damaging the rifling. O-rings press patch firmly into bore surface for efficient cleaning action on powder, lead, copper, and plastic fouling. For use with patches, steel wool, and bronze wool. Shotgun and Black Powder jags are color coded; Rifle/Handgun jags are numbered for easy identification. In order to use TCS Manufacturing jags, you must use round patches that are .015" thick.

## Attributes

- Name: [TCS .35/9MM/.357/.38 CAL. CLEANING JAG](#)
- Manufacturer: [TCS](#)
- Product no.: 100003828
- Mfr. No.: J9RP SIZE 1
- Caliber: 357 Caliber, 38 Caliber, 9mm
- Delivery weight: 0.018kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 689466088007

# ORING CLEANING JAGS TCS Safety Instruction Guide

## Introduction

Thank you for choosing the ORING CLEANING JAGS TCS for your firearm maintenance. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the cleaning jags. Please read this document thoroughly before using the product.

## General Safety Guidelines

- Ensure that the cleaning jags are used only for their intended purpose, which is cleaning firearm bores.
- Always handle firearms safely and responsibly. Follow all local laws and regulations regarding firearm use and maintenance.
- Keep the cleaning jags out of reach of children and unauthorized individuals.
- Inspect the cleaning jags before each use. Do not use if damaged or worn.
- Follow proper cleaning techniques to avoid damage to the firearm's bore and rifling.

## Specific Safety Precautions for Use

- Use only round patches that are .015" thick with the TCS Manufacturing jags to ensure a proper fit and effective cleaning.
- Avoid excessive force when using the cleaning jags to prevent damage to the bore or jag.
- Do not use the cleaning jags with any chemicals or solvents that are not recommended for use with firearms.
- When using jags with steel wool or bronze wool, exercise caution to avoid scratching the bore.
- For shotgun and black powder jags, ensure that you are using the correct colorcoded or numbered jag for your specific gauge or caliber.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including patches, cleaning solvent, and the ORING CLEANING JAGS TCS.

### 2. Attaching the Jag:

- Select the appropriate jag for your firearm caliber (e.g., .35, 9mm, .357, .38).
- Thread the jag onto the cleaning rod, ensuring it is securely attached.

### 3. Using the Jag:

- Take a round patch and moisten it with an appropriate cleaning solvent.
- Insert the patch into the jag, ensuring that it is pressed firmly against the jag's Oring.
- Insert the jag into the firearm's bore, applying gentle pressure as you push it through.
- Pull the jag back out of the bore, removing the patch and fouling.

### 4. Repeat as Necessary:

- Repeat the cleaning process with fresh patches until the bore is clean.

### 5. PostCleaning:

- After cleaning, ensure that the bore is dry and free of solvent.
- Store the cleaning jags in a safe and dry location.

## **Disposal Instructions**

- Dispose of used patches and cleaning materials in accordance with local regulations.
- Do not dispose of cleaning jags in regular household waste if they are damaged. Follow local guidelines for disposal of metal products.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please contact the appropriate EUbased contact point for assistance. Ensure you have the product details ready for reference.

Thank you for prioritizing safety and responsible firearm maintenance.
