[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

Factory, double stack 9mm magazines is ultra-reliable in combat or competition. High-tech manufacturing techniques allow seamless construction for snag-free follower movement and smooth insertion into the mag well. Self-lubricating follower and is injection molded from high-strength polymer for durability. Numbered witness holes on the backside allow easy viewing of remaining ammunition. Built from high carbon, heat-treated steel for maximum strength; includes a high tensile strength music wire spring that resists memory and won't weaken over time. Removable base pad allows easy cleaning. Sand-Resistant 15-Round (SR) model features a synthetic base pad, a full-length "sand slot" to allow debris to fall out, and a special dark gray, high-lubricity coating for improved reliability in desert environments. Adopted for use by the USMC.
