

1911 CLASSIC TARGET ADJUSTABLE WHITE DOT REAR SIGHTS - KENSIGHT MFG LPA WHITE DOT

[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

Provides consistent accuracy through better production methods. Electro-discharge machined from 4140 steel, heat-treated to Rc 38-40, then vacuum tempered to help retain these tolerances for many years to come. One-piece blade is cut from solid steel barstock, so it won't fly apart when your shot matters most. Consistent, click-adjustable detents for windage and elevation give precise repeatability. All models except Accro feature a full-serrated, square corner blade for better target recognition and a rebated square notch for improved, "shadowless" front sight definition. BM #1 Deep Notch features a .020" deeper sight notch and finer surface serrations than standard model for easier front sight acquisition. LPA fits the LPA sight cut found on Springfield Armory, Para-Ordnance, Nowlin, High Standard, Olympic Arms, and Charles Daly 1911 Autos with factory-installed adjustable sights. White Dot models have rounded corners like the old Bo-Mar combat style adjustable sight, and features two, white, .070" (1.8mm) diameter dots, one on each side of rear notch.

Attributes

- Name: [KENSIGHT MFG LPA WHITE DOT](#)

Safety Instruction Guide for 1911 Classic Target Adjustable White Dot Rear Sights

Introduction

Thank you for choosing the 1911 Classic Target Adjustable White Dot Rear Sights by Kensight MFG. This guide provides essential safety instructions and information to ensure the safe use and maintenance of your product. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that all nonfood products, including this sight, are used safely and responsibly.
- Be aware that this product may pose risks if not used according to the instructions provided.
- If you have any questions or concerns about the safety of this product, please contact the designated EU contact point.
- Regularly check for updates regarding product recalls and safety notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:** Always ensure the firearm is unloaded before installing the rear sight.
- **Proper Use:** Use the product only for its intended purpose. This sight is designed for use on 1911style firearms.
- **Avoid Modifications:** Do not modify the sight or firearm in any way that could compromise safety or performance.
- **Target Shooting:** Always follow standard safety practices when handling firearms, including proper eye and ear protection.
- **Age Restrictions:** This product is intended for use by individuals who are legally permitted to handle firearms. Keep out of reach of children.

Instructions for Installation and Usage

1. Tools Required:

- Screwdriver (appropriate size for your firearm)
- Torque wrench (if applicable)

2. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing rear sight by loosening the screws with the appropriate screwdriver.
- Align the Kensight rear sight with the sight cut on the firearm.
- Secure the sight using the provided screws. Tighten carefully to avoid overtorquing.
- Check for proper alignment and functionality before use.

3. Usage Instructions:

- Familiarize yourself with the clickadjustable detents for windage and elevation.
- Adjust the sight as needed for your shooting conditions and preferences.
- Always ensure that the sight is securely mounted before each use.

Disposal Instructions

- Dispose of the product in accordance with local laws and regulations.
- If the product is damaged or no longer in use, consider recycling any metal components where facilities are available.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the 1911 Classic Target Adjustable White Dot Rear Sights, please refer to the designated EU contact point or consult the retailer where the product was purchased.

By following these safety instructions, you can ensure a safe and enjoyable experience with your new rear sights. Always remember that safety should be your top priority when handling firearms and related accessories.
