Safety Instruction Guide for Springfield M1 Carbine Rear Sight

Introduction

Thank you for choosing the Springfield M1 Carbine Rear Sight manufactured by KENSIGHT MFG. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure safe use of the rear sight by following all guidelines provided in this manual.
- Be aware of potential hazards associated with improper installation or use of the rear sight.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the rear sight and all firearm components away from children and unauthorized users.
- Regularly inspect the rear sight for any signs of wear or damage before each use.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or adjusting the rear sight.
- Use the rear sight only on compatible models, specifically the M1 Carbine.
- Avoid adjusting the sight while the firearm is loaded or pointed at any person or animal.
- Ensure that all adjustments to windage and elevation are made in a safe environment, free from distractions.
- If you notice any malfunction or unusual behavior from the rear sight, cease use immediately and seek assistance.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is completely unloaded.
- Carefully remove the existing rear sight from the M1 Carbine using appropriate tools.
- Align the new Springfield M1 Carbine Rear Sight with the mounting area.
- Secure the sight in place according to the manufacturer's specifications.
- Doublecheck that the sight is firmly attached and does not wobble.

2. Adjustment

- To adjust for windage, turn the adjustment knob until you hear audible clicks, indicating the change.
- For elevation adjustments, use the preset range increments provided by the sight.
- Always make small adjustments and test the sight after each change to ensure proper alignment.

3. Usage

- When aiming, ensure that your sight picture is clear and that the rear sight is properly aligned with the front sight.
- Practice safe shooting habits at all times, including maintaining control of the firearm and being aware of your surroundings.

Disposal Instructions

- When the rear sight has reached the end of its usable life or if you decide to dispose of it, follow local regulations for disposal of metal components.
- Do not dispose of the rear sight in regular household waste. Instead, contact local recycling centers or hazardous waste facilities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the Springfield M1 Carbine Rear Sight, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Springfield M1 Carbine Rear Sight. Always prioritize safety and remain informed about best practices for firearm handling and maintenance. Thank you for your attention to these important guidelines.
