

# ENHANCED RUBBER RECOIL PAD FOR MIL-SPEC CTR® & MOE® STOCKS - ENHANCED RUBBER RECOIL PAD FOR MILL-SPEC CTR/MOE STOCK

[Home](#)

The Magpul® Enhanced Rubber Butt-Pad, 0.70"" is an optional replacement butt-pad for the CTR® and MOE® Mil-Spec Carbine models, plus all STR®, ACS-L™ and ACS® stocks. It is designed for enhanced shoulder purchase and offers improved recoil reduction with its thicker, vented construction. The Enhanced Rubber Butt-Pad can also be installed on Commercial-Spec MOE / CTR stocks, but may prohibit use of the fully collapsed position due to the extended, slanted back of most Commercial-Spec receiver extensions. Not compatible with MOE Fixed Carbine Stock. Mounts with existing hardware. .70" Thickness Made in the USA. NSN: MAG317-BLK 1005-01-591-5966  
Compatibility: Magpul CTR and MOE Mil-Spec Carbine model stocks, plus all STR, ACS-L and ACS stocks. NOT compatible with the MOE Fixed Carbine Stock.

# Safety Instruction Guide for Enhanced Rubber Recoil Pad for MilSpec CTR® & MOE® Stocks

## Introduction

Thank you for choosing the Magpul® Enhanced Rubber Recoil Pad for your MilSpec CTR® and MOE® stocks. This guide provides important safety information, installation instructions, and maintenance tips to ensure the safe and effective use of your product.

## General Safety Guidelines

- Ensure the product is compatible with your firearm model before use.
- Always follow local laws and regulations regarding firearm accessories.
- Keep the recoil pad out of reach of children and vulnerable individuals.
- Regularly inspect the recoil pad for signs of wear or damage.
- In case of any malfunction or if the product appears unsafe, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Do not use the recoil pad if it is damaged or does not fit securely on your stock.
- Avoid using the recoil pad in extreme temperatures or harsh environments, as this may affect its performance.
- Ensure that the recoil pad is properly attached before handling or firing your firearm.
- Be aware of your surroundings and follow all firearm safety protocols when using your firearm with the recoil pad.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools: a screwdriver and any hardware that came with the recoil pad.
- Ensure the firearm is unloaded and in a safe condition before beginning installation.

### 2. Installation Steps:

- Remove the existing buttpad from your CTR® or MOE® stock by unscrewing it from the stock.
- Align the Enhanced Rubber Recoil Pad with the mounting holes on the stock.
- Secure the recoil pad using the existing hardware, ensuring it is tightly fastened.
- Check the fit of the recoil pad by gently tugging on it to ensure it is securely attached.

### 3. Usage:

- When using your firearm, ensure that the recoil pad is positioned correctly against your shoulder for optimal comfort and recoil absorption.
- Maintain a proper grip and stance while firing to maximize safety.

## Disposal Instructions

- Dispose of the recoil pad in accordance with local regulations for rubber products.
- Do not incinerate or expose the recoil pad to open flames, as it may release harmful substances.

## **Contact Information for Further Support**

For any questions or concerns regarding the Enhanced Rubber Recoil Pad, please refer to the manufacturer's website or contact their customer support.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the Magpul® Enhanced Rubber Recoil Pad. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important guidelines.
