Drop-In Fire Control System Gives A Light, Safe, Match-Grade Pull

Self-contained trigger/assembly installs in minutes and delivers a light, smooth, match-grade trigger pull free of grittiness, with an ultra-crisp letoff and short reset. Simply remove factory trigger and safety selector, drop in the module, reinstall selector and pins, and you're ready to shoot. Completely new engagement geometry produces a light 3-lb. pull and crisp release without compromising reliability or safety. The two-stage design is adjustable for sear engagement, with a first-stage takeup of approximately 6 ounces, followed by actual sear movement taking up the rest of the weight—the reverse of the military two-stage AR trigger pull profile. Instead, the shooter can build force steadily, maintaining precise control and keeping his attention on the target. After release, reset travel is only .030", less than half the .070" typical of standard match triggers, to aid in fast, accurate follow-up shots. The sear captures the hammer at the back instead of near the pivot point to help produce the light pull and maintain safety. A second, independent, intercepting sear is positioned to block the hammer if it slips off the primary sear, as when the weapon is dropped or suffers hard impact. If the intercepting sear captures the hammer, pulling the trigger will still fire the rifle, though with a heavier pull weight. In addition, the Gold system uses the rifle's factory safety to positively capture the hammer, like an M1 Garand, and roll it back below the primary sear for an extra margin of safety. A lightweight aluminum housing contains the entire system and maintains the correct tolerances between the working parts. The receiver pins serve only to anchor the module in the receiver, with no effect on trigger function.

Attributes

- Name: [AMERICAN TRIGGER CORPORATION AR GOLD CURVED TRIGGER ADJUSTIBLE](#)
- Manufacturer: [AMERICAN TRIGGER CORPORATION](#)
- Product no.: 100004262
- Mfr. No.: NONE

AR15 AR GOLD TRIGGER CURVED SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the AR15 AR GOLD TRIGGER CURVED by American Trigger Corporation. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use and maintain your trigger safely.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure the trigger is not pulled unless you are ready to shoot.
- Store the firearm and ammunition separately and securely, out of reach of children and unauthorized users.
- Regularly inspect your firearm and trigger for signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and ownership.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to malfunction.
- Use of the product with incompatible firearms may result in safety risks.
- Dropping or impacting the firearm may cause unintended discharge.

• Instructions for Avoiding Hazards:

- Always ensure the firearm is unloaded before installation.
- Use only with milspec AR15s that have .154" trigger and hammer pin holes.
- Avoid using the trigger in firearms with Colttype sear blocks or ARstyle .308 rifles.
- Handle the firearm with care to prevent drops or impacts.

• AgeSpecific Warnings:

- This product is intended for adult users only. Keep out of reach of children.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded.
- Gather the necessary tools for installation.

2. Installation Steps:

- Remove the factory trigger and safety selector.
- Drop the AR GOLD CURVED TRIGGER module into the receiver.
- Reinstall the safety selector and pins securely.
- Confirm that everything is in place before proceeding.

3. Usage:

- Familiarize yourself with the twostage trigger system.
- Maintain a firm grip on the firearm while shooting.
- Practice trigger control to ensure accurate shooting.

4. PostInstallation Check:

- Test the trigger function in a safe environment.
- Ensure the reset travel is functioning correctly.
- Confirm that the intercepting sear operates as intended.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the trigger in regular household waste.
- Check with local authorities for guidelines on disposing of firearm components.

Contact Information for Further Support

For further support or inquiries regarding safety, please refer to the EUbased contact point provided with your product documentation.

Thank you for your attention to these safety instructions. Your safety and the safety of those around you is our top priority. Enjoy your shooting experience with the AR15 AR GOLD TRIGGER CURVED.
