

LIGHT MOUNT - VIKING TACTICS FLASHLIGHT/LASER MOUNT, BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

Offset Design For Fast, Easy Access To Activation Switches

Consistent with the VTAC Mission, the Viking Tactics Light Mount was designed for today's modern warriors- providing a light-weight and versatile option to mount a flashlight onto any Picatinny rail system. Made of a Modified Acrylic PVC Alloy Thermoplastic with high impact and abrasion resistant qualities which have been proven to withstand the harshest environments, the Viking Tactics Light Mount is designed so that you can mount your light so that it is out of your field of view and easily activated. This new and improved version of the original VTAC Light Mount Design gives you enormous flexibility. It will allow you to mount most lights with a .80 or 1" diameter and will fit the VTAC-L4 as well as the inexpensive Surefire G2 Nitrolon, Executive Series, and many others. The sleek VTAC design even offers a position in the insert to accommodate the clip on the light. Depending on your mounting preferences, the VTAC can be mounted in such a way that the light can be activated using a tape switch or it can be mounted in such a manner allowing you activate your light using the push button on the back of the light. (Note: Flashlights and firearms not included and must be purchased separately). The VTAC Light Mount is impervious to most chemicals, solvents and oils and its highly advanced thermoplastics will not shrink. With the high quality and innovative design that you expect from a Viking Tactics product, the VTAC Light Mount will keep you in the light and out of the dark. The new Surefire G2X body does not fit this light mount without some rigging.

Safety Instruction Guide for LIGHT MOUNT VIKING TACTICS FLASHLIGHT/LASER MOUNT, BLACK

Introduction

Thank you for purchasing the LIGHT MOUNT VIKING TACTICS FLASHLIGHT/LASER MOUNT. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a flashlight and laser mount.
- Regularly inspect the mount for any signs of damage or wear before each use.
- Keep the mount and its components out of reach of children and vulnerable individuals.
- Always follow the manufacturer's instructions for mounting and using flashlights.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Avoid using the mount in extreme temperatures or harsh environmental conditions that may affect its performance.
- Do not exceed the weight limit of the mount as specified in the product specifications.
- Ensure that the flashlight is securely mounted to prevent accidental detachment during use.
- Use only compatible flashlights as specified in the product description to avoid malfunction.
- When using a tape switch or push button, ensure that it is easily accessible and does not obstruct your field of view.

Instructions for Installation and Usage

1. Installation

- Ensure that the Picatinny rail is clean and free of debris.
- Align the mount with the desired position on the Picatinny rail.
- Securely tighten the mount using the provided screws, ensuring it is firmly in place.
- If using a spacer, ensure it is properly installed for compatibility with the flashlight diameter.

2. Usage

- Mount the flashlight according to the manufacturer's instructions, ensuring it fits securely.
- Test the activation method (tape switch or push button) to ensure it functions correctly before use.
- Regularly check the mount and flashlight for stability during use.

3. Maintenance

- Clean the mount with a damp cloth to remove dirt and debris.
- Avoid using harsh chemicals or solvents that may damage the mount.
- Store the mount in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the mount in household waste.
- Consider recycling options for the materials used in the product.

Contact Information for Further Support

For any inquiries or further assistance regarding the LIGHT MOUNT VIKING TACTICS FLASHLIGHT/LASER MOUNT, please refer to the manufacturer's contact information provided on the product packaging or website.

Thank you for choosing the LIGHT MOUNT VIKING TACTICS FLASHLIGHT/LASER MOUNT. Your safety is our priority, and we hope you enjoy using your new product responsibly.
