

AR-15 CRT-15 CARBON REMOVAL TOOL - MAGNA-MATIC CORPORATION CRT-AR CARBON REMOVAL TOOL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Carbon Scrapers](#)

Quickly Removes Carbon Fouling From Bolt & Carrier

Handy, two-in-one tool quickly and easily removes carbon fouling from critical areas of the bolt and carrier to ensure proper bolt function and reliable cycling. Scrape carbon from the carrier with the reamer end of the tool, then clean the bolt tail with the other end. The unique, lathe-like design adjusts to fit any bolt tail radius, ensuring a universal-fit tool for any AR bolt. Made from hardened carbon steel, zinc plated for corrosion resistance. An ideal tool for the range bag, field armorer's kit, or "necessaries" bag.

Safety Instructions for the AR15 CRT15 Carbon Removal Tool

Introduction

Thank you for choosing the AR15 CRT15 Carbon Removal Tool by MagnaMatic Corporation. This tool is designed to quickly and effectively remove carbon fouling from critical areas of the bolt and carrier of your AR15. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always inspect the tool before use to ensure it is in good condition and free from defects.
- Use the tool only for its intended purpose: removing carbon fouling from AR15 bolts and carriers.
- Keep the tool out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, when using the tool.
- Store the tool in a safe, dry place when not in use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded and the chamber is clear before using the carbon removal tool.
- Do not use excessive force when scraping carbon; this may damage the bolt or carrier.
- Avoid using the tool on any surface other than the intended parts of the firearm.
- Do not modify the tool in any way, as this may create hazards and void any warranties.
- If you experience any discomfort or injury while using the tool, discontinue use immediately and seek medical attention if necessary.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your AR15 is unloaded and in a safe working environment.
- Gather necessary equipment, including gloves and safety glasses.

2. Using the Tool:

- Hold the tool firmly by the handle.
- Use the reamer end of the tool to scrape carbon from the carrier. Apply gentle pressure to avoid damage.
- Use the other end of the tool to clean the bolt tail.
- Adjust the tool as needed to fit the radius of the bolt tail.

3. PostUse Care:

- After using the tool, clean it with a dry cloth to remove any carbon residue.
- Store the tool in a protective case or designated area to prevent damage.

Disposal Instructions

- Dispose of the tool responsibly at the end of its life cycle. Check local regulations for proper disposal methods for metal tools.

- Do not dispose of the tool in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the AR15 CRT15 Carbon Removal Tool, please contact the manufacturer or your local distributor. Ensure you have the product details available for any inquiries.

Please remember that safety is a shared responsibility. By following these guidelines, you can help ensure a safe and effective experience with your AR15 CRT15 Carbon Removal Tool.
