

AR-15/M16 SLING ADAPTER END PLATE - RH SLING ADAPTER PLATE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Increases Sling-Attachment Versatility On Collapsible-Stock Rifles & Carbines

Machined steel replacement for the factory receiver plate gives an AR fitted with an M4-type collapsible buttstock a convenient, low-profile attachment point for clip-on, single-point slings. Precision machined from 1018 carbon steel for superior strength and an exact fit, with a durable manganese phosphate Parkerized finish that resists surface abrasion and corrosion, and matches the finish on mil-spec anodized receivers. Available in single-loop Right-Hand (RH) as well as a convenient, versatile Ambidextrous configuration that lets you swap the sling from one side of the receiver to the other. An adapter that is designated as a right hand (RH) adapter is for right handed shooters and will be mounted on the left side of the gun. Photos are of viewing the sling adapter from the rear.

AR15/M16 Sling Adapter End Plate Safety Instruction Guide

Introduction

Thank you for choosing the AR15/M16 Sling Adapter End Plate. This product is designed to enhance the functionality of your firearm by providing a secure attachment point for slings. It is essential to follow the safety guidelines and instructions outlined in this guide to ensure safe and effective use.

General Safety Guidelines

- Ensure that the product is installed correctly to avoid any accidents.
- Always treat your firearm as if it is loaded, even when not in use.
- Keep the sling adapter and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the sling adapter for wear or damage.
- Do not exceed the manufacturer's weight limit for slings and attachments.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the sling adapter with compatible firearms (AR15/M16/M4 and clones fitted with M4style collapsible buttstock).
- Ensure that the sling is properly secured to the adapter before use.
- Avoid placing excessive force on the sling adapter during use, as this may lead to failure.
- Do not modify the sling adapter in any way, as this may compromise its safety and effectiveness.
- Always follow the manufacturer's instructions for the care and maintenance of the sling adapter.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before installation.
- Locate the factory receiver plate on your firearm.
- Remove the factory receiver plate using the appropriate tools.
- Align the sling adapter end plate with the mounting holes on the firearm.
- Secure the sling adapter in place using the provided screws, ensuring a tight fit.
- Doublecheck that the adapter is firmly attached before proceeding.

2. Usage:

- Attach your sling to the designated loop on the sling adapter.
- Adjust the sling to your desired length and ensure it is secure.
- Always check the attachment point before using the firearm to ensure safety.
- When not in use, store the firearm and sling in a secure location.

Disposal Instructions

- Dispose of the sling adapter in accordance with local regulations.
- If the product is damaged or no longer in use, consider recycling the metal components where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the sling adapter, please refer to the manufacturer's contact details provided on the packaging or product documentation. It is important to reach out for assistance regarding safety or product issues.

By following these guidelines and instructions, you can ensure the safe and effective use of your AR15/M16 Sling Adapter End Plate. Thank you for your attention to safety and responsible firearm handling.
