

M16A1A2 SCOPE MOUNTS - M16A1A2 EXTENDED SCOPE MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Offers A Secure Platform

The A.R.M.S. Universal M16 Universal Scope Mount offers a secure platform that accepts NATO STANAG and Weaver type scopes and rings. It is an ideal scope mount specifically designed for the M16A1/A2 rifle and attaches via a self-locking thumbnut that snugly fits into the hole in the carry handle for an accurate and continuous zero hold. The #02 carry handle mount also features a wide angle TV-shaped channel for use with a variety of iron sights.

M16A1A2 Scope Mount Safety Instructions

Introduction

Thank you for choosing the A.R.M.S. Universal M16 Universal Scope Mount. This guide provides essential safety information to ensure the proper use and installation of your scope mount. Please read this guide thoroughly before using the product to ensure your safety and the safety of others.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a scope mount for the M16A1/A2 rifle.
- Always inspect the scope mount for damage or wear before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Do not modify the scope mount in any way, as this may compromise its safety and functionality.
- Familiarize yourself with the operation of your rifle and scope before installation and use of the scope mount.

Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before attaching or detaching the scope mount.
- Use the selflocking thumbnut correctly to secure the scope mount to the carry handle; improper installation may result in the scope mount detaching during use.
- Avoid using the scope mount in harsh environmental conditions that may compromise its integrity, such as extreme temperatures or excessive moisture.
- If you experience any difficulty during installation or use, cease operation and consult a qualified gunsmith or the manufacturer for assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Gather necessary tools, if required, for installation.

2. Installation:

- Align the scope mount with the hole in the carry handle of the M16A1/A2 rifle.
- Insert the selflocking thumbnut into the hole and tighten it securely until the mount is firmly attached. Ensure that it is snug but do not overtighten, as this may damage the mount or rifle.
- Check that the mount is stable and does not wobble.

3. Usage:

- Once installed, attach your NATO STANAG or Weaver type scope to the mount according to the scope manufacturer's instructions.
- Verify that the scope is properly zeroed before engaging in any shooting activities.
- Regularly check the tightness of the mount and scope during use, especially after extended shooting sessions.

Disposal Instructions

- Dispose of the scope mount in accordance with local regulations.
- If the product is damaged or no longer in use, do not throw it in regular waste. Instead, take it to a designated recycling center or follow local disposal guidelines for metal products.

Contact Information for Further Support

For any questions or concerns regarding the use, installation, or safety of the A.R.M.S. Universal M16 Universal Scope Mount, please refer to the manufacturer's official website or contact their customer support.

By following these safety instructions, you can ensure a safe and effective experience with your A.R.M.S. Universal M16 Universal Scope Mount. Thank you for prioritizing safety in your shooting activities.
