Safety Instruction Guide for AR15 Gas Block Low Profile

Introduction

Thank you for choosing the AR15 Gas Block Low Profile. This product is designed to enhance the performance of your firearm while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the gas block properly.

General Safety Guidelines

- Ensure that the gas block is compatible with your firearm model before installation.
- Always handle firearms with care and follow all local laws and regulations regarding firearm usage.
- Keep the gas block and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the gas block and other firearm parts for wear and damage.
- Report any unsafe products or accidents to the appropriate authorities immediately.
- Stay informed about recalls or safety notices related to your product by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the gas block with barrels that have the specified outer diameters: .625", .750", or .936".
- Do not attempt to modify the gas block or use it in a manner not intended by the manufacturer.
- Ensure the gas block is securely locked to the barrel using all three steel setscrews provided.
- Avoid using the firearm in wet or humid conditions without proper maintenance.
- Always wear appropriate safety gear, including eye protection, when using firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including an Allen wrench for the setscrews.

2. Installation:

- Select the appropriate gas block size for your barrel (either .625", .750", or .936").
- Slide the gas block onto the barrel, ensuring it is positioned correctly under the handguard.
- Align the gas port of the block with the gas port of the barrel.
- Secure the gas block to the barrel by tightening all three steel setscrews. Ensure they are snug but do not overtighten to avoid damaging the barrel.

3. Usage:

- After installation, conduct a function check to ensure the gas system operates correctly.
- Monitor the gas block during use for any signs of gas leaks or misalignment.

Disposal Instructions

- Dispose of the gas block in accordance with local regulations regarding metal waste.
- Do not dispose of the gas block in regular household waste.
- If the gas block is damaged or no longer usable, consider recycling it at a designated metal recycling facility.

Contact Information for Further Support

For any inquiries regarding the safety, installation, or maintenance of the AR15 Gas Block Low Profile, please refer to the manufacturer's contact details found in the product packaging or visit the manufacturer's website for more information.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
