

AR-15/M16 CHARGING HANDLE - CHARGING HANDLE ASSEMBLY

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

Slick Teflon~ Finish For Ultra-Smooth Operation

Cycle loads with ease using this military-style charging handle assembly, complete and ready to drop-in any mil-spec upper receiver. Precision machined from rugged, yet lightweight 6061 T6 aluminum, then hardcoat anodized for a wear-resistant surface that adds strength. A final, Teflon® coating provides a slick, self-lubricating finish for exceptionally smooth operation.

Safety Instruction Guide for AR15/M16 Charging Handle Assembly

Introduction

Thank you for purchasing the AR15/M16 Charging Handle Assembly from DOUBLE STAR. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this document carefully before use.

General Safety Guidelines

- Always handle firearms and their components with care.
- Ensure the firearm is unloaded before installing or handling the charging handle assembly.
- Store the charging handle assembly in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the charging handle assembly for wear or damage. Do not use if damaged.
- Follow all local, state, and federal laws regarding firearm accessories and usage.

Specific Safety Precautions for Use

- Ensure that the charging handle assembly is compatible with your milspec upper receiver.
- Wear safety glasses when installing or handling the charging handle assembly to protect your eyes from potential debris.
- Do not attempt to modify or alter the charging handle assembly in any way, as this may compromise safety and performance.
- Always keep your finger off the trigger until you are ready to shoot.
- Use the charging handle assembly only for its intended purpose as described in this guide.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Remove the existing charging handle from the upper receiver by pulling it out of the receiver.
- Take the new charging handle assembly and align it with the receiver's charging handle slot.
- Insert the charging handle into the slot until it is fully seated.
- Test the charging handle by pulling it back and releasing to ensure smooth operation.

2. Usage:

- To cycle loads, grasp the charging handle firmly and pull it back to the rear.
- Release the charging handle to allow it to return forward and chamber a round.
- Always check the chamber to ensure it is clear before proceeding with any further actions.

Disposal Instructions

- When disposing of the charging handle assembly, follow local regulations for the disposal of metal components.
- Recycle the aluminum material if possible, or dispose of it in accordance with local waste management guidelines.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact information provided on the product packaging or visit the manufacturer's website. It is essential to have a reliable contact for any safety concerns or product recalls.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your AR15/M16 Charging Handle Assembly. Always prioritize safety and compliance with local laws when using firearm accessories. Thank you for choosing DOUBLE STAR.
