

# **MONTANA X-TREME™ COPPER KILLER - WESTERN POWDERS 20 OZ. COPPER KILLER**

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

## **Fast, Thorough Cleaning & Protection Of High-Performance Firearms**

Non-abrasive, industrial-strength solvent has the power to remove the toughest copper fouling from any gun. The secret is its specially formulated ammonia oil that is strong enough to vaporize the stubborn copper fouling but safe enough to leave in the bore for up to an hour. Does not contain acids, amines, or chlorides that can etch the rifling.

## **Attributes**

- Name: [WESTERN POWDERS 20 OZ. COPPER KILLER](#)
- Manufacturer: [WESTERN POWDERS](#)
- Product no.: 100005022
- Mfr. No.: 07040

# MONTANA XTREME™ COPPER KILLER SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing MONTANA XTREME™ COPPER KILLER, a powerful solvent designed to remove tough copper fouling from firearms. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure safe use of MONTANA XTREME™ COPPER KILLER by following these guidelines:
  - Keep the product out of reach of children and vulnerable individuals.
  - Always use the product in a wellventilated area to avoid inhalation of fumes.
  - Avoid contact with skin and eyes. Use appropriate personal protective equipment, such as gloves and safety goggles.
  - Do not ingest the product. If ingested, seek immediate medical attention.
  - Be aware of potential hazards associated with the product, including flammability and chemical reactions with other substances.

## Specific Safety Precautions for Use

- Before using MONTANA XTREME™ COPPER KILLER, take the following precautions:
  - Read the label and safety data sheet (SDS) for detailed information on hazards and safe handling.
  - Ensure that the firearm is unloaded and pointed in a safe direction before application.
  - Apply the product only as directed and avoid excessive use.
  - Do not mix with other cleaning agents or chemicals.
  - Store the product in a cool, dry place away from direct sunlight and heat sources.
  - Dispose of any unused product according to local regulations.

## Instructions for Installation and Usage

- Follow these steps for the proper use of MONTANA XTREME™ COPPER KILLER:
  1. Shake the bottle well before use to ensure proper mixing of ingredients.
  2. Apply a small amount of the solvent directly to the bore of the firearm using a cleaning patch or rod.
  3. Allow the product to sit in the bore for up to one hour to effectively vaporize copper fouling.
  4. After the soaking period, use a clean patch or brush to remove any residue.
  5. Repeat the process if necessary until the bore is clean.
  6. After cleaning, run a dry patch through the bore to remove any remaining solvent.

## Disposal Instructions

- Dispose of MONTANA XTREME™ COPPER KILLER responsibly:
  - Do not pour the product down the drain or dispose of it in regular waste.
  - Check local regulations for proper disposal methods for hazardous materials.
  - Take any unused or expired product to a designated hazardous waste disposal facility.

## Contact Information for Further Support

- For safety inquiries or further assistance, please contact the manufacturer or consult the product label for additional resources.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of MONTANA XTREME™ COPPER KILLER. Thank you for your attention to safety and for choosing our product.
