

# M14/M1A SIMULATED FULL-AUTO SELECTOR LEVER - FULTON ARMORY SIMULATED SELECTOR LEVER

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

## Fills the Gap In The Stock & Gives A Semi-Auto Rifle A "Full-Auto" Look

One-piece simulated selector lever made of Parkerized steel fits in the selector lever cutout in USGI and aftermarket M14 stocks to give your rifle the authentic appearance of a full-auto capable GI M14. Fills the unsightly gap and helps keep dirt and debris out of the action. Rotates to semi- or full-auto position. Installs on the stock, not the receiver perfectly legal.

# M14/M1A Simulated FullAuto Selector Lever

## Safety Instruction Guide

### Introduction

Thank you for choosing the M14/M1A Simulated FullAuto Selector Lever by Fulton Armory. This product is designed to enhance the appearance of your M14 rifle by providing a realistic fullauto selector lever. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

### General Safety Guidelines

- Ensure the product is installed and used in accordance with the instructions provided.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the selector lever for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- **Hazard Identification:**

- The simulated selector lever is designed for cosmetic purposes only and does not alter the functionality of your firearm.
- Improper installation may lead to operational issues or safety hazards.

- **Avoiding Hazards:**

- Do not attempt to modify or alter the selector lever beyond the intended use.
- Ensure the selector lever is securely installed before handling the firearm.
- Avoid using the firearm in environments where it may be exposed to excessive dirt or debris that could interfere with operation.

- **Age and Audience Specific Warnings:**

- This product is intended for use by individuals who are knowledgeable about firearms and their safe handling.
- Keep the product and all firearms out of reach of children.

### Instructions for Installation and Usage

#### 1. Installation:

- Gather the necessary tools for installation, including a screwdriver and any mounting hardware provided.
- Ensure the firearm is unloaded before beginning installation.
- Remove the existing selector lever, if applicable, by following the manufacturer's instructions.
- Align the simulated selector lever with the selector lever cutout on the stock of your M14 rifle.
- Securely attach the simulated selector lever using the provided mounting hardware. Minor fitting may be required to ensure a proper fit.
- Verify that the lever rotates freely between the semi and fullauto positions.

## **2. Usage:**

- Familiarize yourself with the operation of the simulated selector lever.
- Use the lever to switch between the semi and fullauto positions as desired, ensuring that you are in a safe environment to do so.
- Regularly check the functionality of the selector lever during routine firearm maintenance.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product is damaged or no longer needed, dispose of it responsibly to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the M14/M1A Simulated FullAuto Selector Lever, please refer to the manufacturer's website or contact the authorized distributor in your region for assistance.

Thank you for your attention to these safety guidelines. Your safety and the safety of those around you is our priority. Enjoy your enhanced M14 rifle with the Fulton Armory Simulated Selector Lever!
