

# TRIGGER UPGRADE COMPONENTS FOR GLOCK® - ZEV TECHNOLOGIES LIGHT STRIKER SPRING

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Trigger Springs](#)

## For A Smoother, Crisper, More Refined Trigger Pull; Drop-In Installation

TRIGGER UPGRADE COMPONENTS FOR GLOCK® Drop-in parts give your Glock® a smooth, crisp, light pull that helps promote consistent, match-grade accuracy. Change specific components to improve a particular aspect of the trigger pull, or do a complete upgrade. Fits all Glock® pistols. Precisely calibrated spring weights deliver consistent force through the entire compression/release cycle to give you a light, refined trigger without sacrificing the reliability of your pistol's Safe Action system. High-stress, aerospace-grade stainless steel spring wire is heat- and cryo-treated for 99.99% consistent energy output, so trigger pull feels the same every time.

FEATURES Trigger Spring has nearly 30% more power than factory spring, yet actually reduces pull by as much as 1 lb. for improved control. Also produces faster trigger reset for quicker follow-up shots. Reduced Power Safety Spring reduces friction caused by the firing pin safety, further smoothing the pull. Striker Spring is designed for improved consistency and durability over factory spring. Light Model reduces pull by at least 1 lb. to a consistent 2 to 2½ lb., while preserving reliable primer ignition. SPECS: Spring stainless steel wire. Fits all Glock® pistols. # **Safety Instruction Guide for TRIGGER UPGRADE COMPONENTS for GLOCK® ZEV TECHNOLOGIES LIGHT STRIKER SPRING**

## **Introduction**

Thank you for choosing the TRIGGER UPGRADE COMPONENTS for your GLOCK® pistol. This guide provides important safety information and instructions to ensure the safe use and installation of the trigger upgrade components. Please read this guide carefully before use.

## **General Safety Guidelines**

- Ensure that all components are installed by a qualified gunsmith or an experienced individual knowledgeable about firearm upgrades.
- Always follow the manufacturer's instructions when using your GLOCK® pistol and its components.
- Keep all firearm parts out of reach of children and unauthorized users.
- Regularly inspect all components for wear and damage. Replace any damaged parts immediately.
- Use only compatible components specifically designed for GLOCK® pistols to avoid malfunctions.
- Be aware of your local laws and regulations regarding firearm modifications and upgrades.

## **Specific Safety Precautions for Use**

- The TRIGGER UPGRADE COMPONENTS are designed for use with GLOCK® pistols only. Using them with other firearms may result in malfunction or injury.
- Avoid using the upgraded trigger components in situations where quick firing or high stress conditions are expected until you are familiar with the new trigger pull.
- Always ensure that your firearm is pointed in a safe direction when handling, installing, or testing the trigger components.
- Test the trigger pull in a controlled environment to ensure that it meets your expectations and safety requirements.
- If you experience any issues with the trigger pull, stop using the firearm and consult a qualified gunsmith.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure your firearm is unloaded and the magazine is removed.
- Gather the necessary tools, including a punch set, hammer, and safety glasses.

### **2. Installation:**

- Remove the slide from the GLOCK® frame according to the manufacturer's instructions.
- Carefully remove the factory trigger spring, firing pin safety spring, and striker spring.
- Install the new trigger spring, firing pin safety spring, and striker spring from the TRIGGER UPGRADE COMPONENTS kit, ensuring they are seated correctly.
- Reassemble the firearm according to the manufacturer's instructions.

### **3. Testing:**

- Once the installation is complete, perform a function check to ensure the trigger operates correctly.
- Conduct dry firing in a safe environment to familiarize yourself with the new trigger pull.

- Ensure the firearm cycles properly and that all safety features are functioning as intended.

#### **4. Ongoing Maintenance:**

- Regularly clean and inspect the trigger components for any signs of wear or damage.
- Follow the manufacturer's maintenance guidelines for your GLOCK® pistol to keep it in optimal condition.

## **Disposal Instructions**

- Dispose of any old or unused trigger components in accordance with local regulations.
- Do not dispose of firearm parts in regular household waste. Contact local authorities or a designated disposal facility for guidance.

## **Contact Information for Further Support**

- For safety inquiries or concerns regarding the TRIGGER UPGRADE COMPONENTS, please refer to the manufacturer's website or contact their customer support team for assistance.

By following these safety instructions and guidelines, you can enjoy the enhanced performance of your GLOCK® pistol while ensuring safe usage. Thank you for your attention to these important safety measures.
