

AR-15/M16 MOE® ILLUMINATION KIT - MAGPUL MOE ILLUMINATION KIT

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

For Easy Installation Of Rail-Mount Weapon Lights On MOE Handguard

Easy-to-install kit contains everything you need to mount a Picatinny rail-compatible weapon light on a MOE handguard. Gives your rifle the versatility of onboard illumination with minimal sacrifice of handguard real estate. Kit includes a short rail section, optional cantilever rail mount, standard pressure switch mount, a mount for a SureFire® ST pressure switch, and all required hardware. Also fits the handguard of a Bushmaster ACR™ (Adaptive Combat Rifle).

AR15/M16 MOE® Illumination Kit Safety Instruction Guide

Introduction

Thank you for choosing the AR15/M16 MOE® Illumination Kit by Magpul. This easytoinstall kit is designed to help you mount a Picatinny railcompatible weapon light on your MOE handguard, providing your rifle with onboard illumination while conserving handguard space. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Ensure that the kit is used only as intended and in accordance with the manufacturer's instructions.
- Always follow local laws and regulations regarding the use of weapon lights and firearm accessories.
- Keep the kit and all its components out of reach of children and unauthorized users.
- Regularly inspect the kit for any signs of damage or wear. Do not use if any components are damaged.
- Be aware of your surroundings and ensure safe handling practices when using the illumination kit.

Specific Safety Precautions for Use

- Before installation, ensure that the firearm is unloaded and pointed in a safe direction.
- Do not modify any components of the illumination kit, as this may compromise safety and functionality.
- When using the weapon light, avoid shining it in the eyes of people or animals.
- Use the pressure switch mount carefully to avoid accidental activation of the weapon light.
- Be cautious of heat buildup during extended use of the weapon light; allow it to cool down before handling.
- If using the kit with a Bushmaster ACR™ handguard, ensure compatibility and follow specific guidelines provided by the manufacturer.

Instructions for Installation and Usage

1. Preparation

- Gather all components of the kit: short rail section, optional cantilever rail mount, standard pressure switch mount, SureFire® ST pressure switch mount, and required hardware.
- Ensure you have a suitable workspace with adequate lighting.

2. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Select the desired location on the MOE handguard for the rail section.
- Using the provided hardware, securely attach the short rail section to the handguard.
- If using the optional cantilever rail mount, follow the same steps to attach it as needed.
- Attach the weapon light to the rail section.
- Install the standard pressure switch mount in a convenient location for easy access.
- If using a SureFire® ST pressure switch, attach it to the designated mount.

3. Usage

- To activate the weapon light, press the pressure switch. Ensure that your grip allows for easy access to the switch.
- Regularly check the functionality of the weapon light and the pressure switch to ensure proper operation.

Disposal Instructions

- Dispose of the illumination kit and its components in accordance with local regulations.
- Do not dispose of electronic components in regular household waste. Follow local electronic waste disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 MOE® Illumination Kit, please refer to the manufacturer's website or contact their customer support for assistance. Always keep the product manual for future reference.

Thank you for your attention to these safety instructions. Enjoy the enhanced functionality and safety that the AR15/M16 MOE® Illumination Kit provides.
