

# GT™ HAMMER EXTENSIONS - EXTENSION FITS BROWNING BL-22/ASTRA 357

[Rifle Parts](#) > [Triggers Parts](#) > [Hammer Parts](#) > [Hammer Hardware](#)

## For Easier Access & Faster Cocking

Clamp-on steel extension adds a serrated lever to the side of the hammer spur to give your thumb a large, easy-to-find horizontal grasping surface. A must-have if using a low-mounted scope, heavy gloves, or you just want a hammer that's easy to grasp under stress or in wet weather. Hollow design keeps weight to a minimum, so hammer speed and locktime are unaffected. Holds tight on left or right side of hammer with steel Allen head screw.

## Attributes

- Name: [EXTENSION FITS BROWNING BL-22/ASTRA 357](#)
- Manufacturer:
- Product no.: 100005618
- Mfr. No.: GTHM71

# GT™ Hammer Extensions Safety Instructions

## Introduction

Thank you for choosing the GT™ Hammer Extensions designed for Browning BL22 and Astra 357. This guide provides essential safety instructions to ensure the safe and effective use of your hammer extension. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the hammer extension.
- Inspect the hammer extension for any visible damage before use.
- Use the hammer extension only with compatible firearms as specified in the product description.
- Keep the hammer extension out of reach of children and unauthorized users.
- Do not modify the hammer extension in any way, as this may compromise safety and performance.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- When using the hammer extension, ensure your grip is secure to prevent slipping, especially in wet conditions or when wearing gloves.
- Avoid using the hammer extension in extreme weather conditions that may affect your grip or the functionality of the firearm.
- Be mindful of the hammer's movement and ensure that your fingers are clear of the hammer's path during operation.
- Always follow the manufacturer's instructions for your specific firearm model when using the hammer extension.

## Instructions for Installation and Usage

### 1. Installation of the Hammer Extension:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Locate the hammer spur on your Browning BL22 or Astra 357.
- Align the hammer extension with the hammer spur on either the left or right side.
- Secure the hammer extension in place using the provided steel Allen head screw. Tighten firmly but avoid overtightening to prevent damage.

### 2. Using the Hammer Extension:

- Grip the serrated lever of the hammer extension with your thumb.
- Apply controlled pressure to the hammer to ensure reliable operation.
- Practice using the hammer extension in a safe environment to become familiar with its operation.

### 3. PostUse Care:

- After use, inspect the hammer extension for any signs of wear or damage.
- Clean the hammer extension according to the manufacturer's recommendations to ensure longevity.

## Disposal Instructions

- Dispose of the hammer extension in accordance with local regulations for metal products.
- If the hammer extension is damaged or no longer usable, ensure it is disposed of safely to prevent injury.

to others.

## Contact Information for Further Support

For any inquiries regarding the GT™ Hammer Extensions or safety concerns, please contact your local distributor or manufacturer. Ensure you have the product details available for assistance.

Thank you for prioritizing safety while using the GT™ Hammer Extensions. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
