

1911 CARRY GROOVE GRIPS - HARRISON DESIGN & CONSULTING

CARRY GROOVE GRIPS, COMPACT

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Combines A Secure Grasp With Non-Snag Carry

Durable machined G10 fiberglass grips are almost impervious to solvents, moisture, and expansion/contraction due to temperature extremes. Five, deep, vertical grooves in each panel and fine-line diagonal texturing help you retain a solid grip on the pistol but won't snag like traditional checkering. Still allows a quick shift of grip for reloads, and also easier on clothes and your skin during carry. The "TS" grips feature a thumb scoop on the left hand panel that allows better access to the magazine catch. For shooters with short digits, this thumb scoop will make your magazine changes more certain. The HD-300-TS Carry Groove grips feature a beveled bottom. The HD-300-TS come equipped with the Thumb Scoop to give your thumb easier access to the magazine catch so you don't have to shift the gun in your grip as much during mag changes. The HD-303-TS Carry Groove grips feature a square bottom with no pin notch to match up to add-on mag wells. The HD-303-TS come equipped with the Thumb Scoop to give your thumb easier access to the magazine catch so you don't have to shift the gun in your grip as much during mag changes. HD-300-S-TS Slim Carry Groove Grips are a nominal .180" thick with the new Ambi-Vertable feature. The Ambi-Vertable pocket allows you to use the grips as they come out of the bag on your pistols with a strong-side only safety. If you have an ambi thumb safety, you can easily trim away the back wall with a sharp box cutter, opening the pocket up for your ambi safety. Features Beveled Bottom and exposed pin notch.

Safety Instruction Guide for 1911 Carry Groove Grips

Introduction

Thank you for choosing the 1911 Carry Groove Grips by Harrison Design & Consulting. These grips are designed to enhance your shooting experience while ensuring safety and comfort during use. This guide provides essential safety instructions, general guidelines, and specific precautions to help you use the product effectively and responsibly.

General Safety Guidelines

To ensure your safety and the safety of others, please follow these general guidelines:

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Never point your firearm at anything you do not intend to shoot.
- Store your firearm and grips securely to prevent unauthorized access.
- Regularly inspect your grips for any signs of wear or damage.
- Always follow the manufacturer's instructions for installation and usage.

Specific Safety Precautions for Use

When using the 1911 Carry Groove Grips, please observe the following precautions:

- Ensure that the grips are compatible with your firearm model (Government Model, Commander, or Officers Model).
- Confirm that the grips are properly installed before using your firearm.
- Avoid using solvents or harsh chemicals on the grips, as they may degrade the material.
- Be cautious of the thumb scoop feature; ensure that it does not interfere with your grip during use.
- If you experience any discomfort or difficulty while using the grips, discontinue use and consult a professional.

Instructions for Installation and Usage

Follow these steps for the proper installation and usage of your 1911 Carry Groove Grips:

1. Preparation:

- Gather the necessary tools (screwdriver, box cutter if needed).
- Ensure your firearm is unloaded and pointed in a safe direction.

2. Removal of Old Grips:

- Carefully remove the screws holding the existing grips in place.
- Gently lift off the old grips from the firearm.

3. Installation of New Grips:

- Align the new 1911 Carry Groove Grips with the grip frame of your firearm.
- If using HD300STS grips, check the AmbiVerTable pocket for compatibility.
- Secure the grips with screws, tightening them firmly but not overtightening to avoid damage.

4. Testing:

- Once installed, check the fit and feel of the grips.
- Ensure that the thumb scoop feature allows easy access to the magazine catch without obstructing your grip.

5. Usage:

- Practice safe handling of your firearm with the new grips.
- Familiarize yourself with the feel of the grips during dry firing or at the range.

Disposal Instructions

When disposing of your 1911 Carry Groove Grips, please follow these guidelines:

- Do not dispose of the grips in regular household waste.
- Check local regulations for proper disposal methods for G10 fiberglass materials.
- If applicable, consider recycling options for the grips.

Contact Information for Further Support

For additional assistance or inquiries regarding the 1911 Carry Groove Grips, please reach out to the manufacturer through their official contact channels. Ensure that you have your product details available for a more efficient response.

By following these safety instructions, you can enhance your shooting experience while ensuring your safety and the safety of others. Thank you for your attention to these important guidelines.
