

1911 EXTREME SERVICE SLIDE STOP - HARRISON DESIGN & CONSULTING 9MM/.38/.40 SLIDE STOP, SS

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

Curved, Low-Profile Pad For Secure Purchase & Fast, Positive Operation

CNC-machined to precise dimensions from high-grade steel forgings, these slide stops feature a smooth, low-profile thumb pad that won't snag on holsters or clothing. Pad's unique, curved geometry still ensures positive engagement under stress, with cold hands, or when wearing gloves. Excellent choice for a concealed-carry pistol. Separate models for .45 ACP and 9mm/.38 Super/.40 S&W/10mm pistols, both models available in blued carbon steel or stainless.

Safety Instruction Guide for 1911 EXTREME SERVICE SLIDE STOP

Introduction

Thank you for choosing the 1911 EXTREME SERVICE SLIDE STOP by Harrison Design & Consulting. This product is designed to enhance the performance and safety of your firearm. Please read this safety instruction guide carefully to ensure proper use and maintenance of the slide stop.

General Safety Guidelines

- Always ensure the firearm is unloaded before installing or handling the slide stop.
- Keep the slide stop and all firearm components out of reach of children and unauthorized users.
- Inspect the slide stop regularly for signs of wear or damage.
- Use only compatible models as specified in the product details.
- Follow all local laws and regulations regarding firearm modifications and usage.

Specific Safety Precautions for Use

- Ensure that you are wearing appropriate safety gear, such as gloves and eye protection, when handling the slide stop.
- Avoid using the slide stop in extreme weather conditions that may affect grip or functionality.
- Do not force the slide stop into place; it should fit smoothly into the firearm.
- If you experience any issues with the slide stop, discontinue use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a punch tool and a hammer.

2. Installation Steps

- Locate the existing slide stop on your firearm.
- Using the punch tool, gently tap out the existing slide stop pin.
- Remove the old slide stop from the firearm.
- Align the new slide stop with the corresponding slot in the firearm.
- Insert the new slide stop and ensure it is positioned correctly.
- Tap the pin back into place securely.

3. PostInstallation Checks

- Test the slide stop function by cycling the action of the firearm.
- Ensure that the slide stop engages and releases smoothly without obstruction.

4. Usage Tips

- Familiarize yourself with the operation of the slide stop to ensure safe handling during shooting activities.
- Regularly clean and maintain the slide stop to prevent malfunctions.

Disposal Instructions

- Dispose of the slide stop and any packaging materials in accordance with local regulations.
- Do not dispose of the slide stop in regular household waste if it is damaged or defective. Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding product safety or further assistance, please refer to the contact details provided on the product packaging or the manufacturer's website.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on proper handling and maintenance of your firearm and its components.
