[Handgun Parts](#) > [Trigger Group Parts](#) > [Performance Enhancing Kits](#)

## **Drop-In Upgrade Parts Improve Trigger Pull For Competition Or Carry**

Drop-in replacements for factory components enhance reliability and optimize the performance of your M&P for different applications. Installing the Competition Kit yields a smooth, consistent, trigger pull of slightly less than 3 lbs., with shorter over-travel and faster reset than a factory-stock M&P. Retain the factory sear spring to get a slightly heavier 3½ lb. pull. Designed for IDPA, USPSA, Steel Challenge, 3-gun, and similar types of action shooting competition. Not for duty, carry, or self-defense applications. Duty/Carry Kit delivers a smooth, consistent 5½ lb. trigger pull with less over-travel and shorter reset. Improves performance of your pistol while maintaining its safety features for daily carry. Retain the factory sear spring to get a slightly lighter 5 lb. pull. Both kits engineered for a drop-in fit, though gunsmith installation is recommended.

## **Attributes**

- Name: [APEX TACTICAL SPECIALTIES INC COMPETITION KIT, 9MM/.40 S&W/.357 SIG](#)
- Manufacturer: [APEX TACTICAL SPECIALTIES INC](#)

# S&W M&P ACTION ENHANCEMENT COMPONENTS APEX TACTICAL SPECIALTIES INC COMPETITION KIT Safety Instruction Guide

## Introduction

Thank you for choosing the S&W M&P Action Enhancement Components Apex Tactical Specialties Inc Competition Kit. This guide provides essential safety instructions to ensure the safe use, installation, and maintenance of your product, in accordance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before use.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of risks not addressed by other EU laws.
- If purchasing online, expect the same safety protections as in physical stores.
- Extra safeguards are in place for vulnerable groups, including children.
- All products must have an EUbased contact for safety inquiries.
- Stay informed about unsafe products through the EU Safety Gate system.

## Specific Safety Precautions for Use

- The Competition Kit is designed for competition use only and is **NOT FOR DUTY/CARRY or SELFDEFENSE APPLICATIONS**.
- Always ensure that your firearm is unloaded before installing or modifying any components.
- Retain the factory sear spring if you desire a slightly heavier trigger pull.
- Use caution when handling tools and components during installation to avoid injury.
- Ensure that you are using the correct components for your specific model (M&P, 9MM/.40 S&W/.357 SIG).
- Always follow local laws and regulations regarding firearm modifications and usage.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components: hard sear, Ultimate Striker Block, two sear springs (different sizes), and trigger return spring.
- Ensure you have a clean, welllit workspace.

### 2. Installation Steps

- Remove the factory components from your M&P firearm according to the manufacturer's instructions.
- Install the hard sear and Ultimate Striker Block in accordance with the provided instructions.
- Replace the factory sear springs with the new ones from the Competition Kit, ensuring you select the appropriate size for your desired trigger pull weight.
- Install the trigger return spring carefully, using the aluminum slave pin included in the Duty/Carry Kit if applicable.
- Doublecheck all components to ensure they are securely installed.

### 3. PostInstallation Checks

- Perform a function check to ensure that the trigger operates smoothly and consistently.
- Test the trigger pull weight to confirm it meets your expectations (slightly less than 3 lbs. for Competition Kit).
- Ensure that the firearm is functioning safely before using it in any competition setting.

#### **4. Maintenance**

- Regularly inspect the components for wear and tear.
- Clean the firearm and components according to the manufacturer's recommendations to maintain optimal performance.

## **Disposal Instructions**

- Dispose of any old components responsibly, following local regulations for hazardous waste.
- If you are unsure about disposal methods, consult local waste management authorities for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the S&W M&P Action Enhancement Components Apex Tactical Specialties Inc Competition Kit, please refer to the manufacturer's website or contact your local dealer for assistance.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your firearm are of the utmost importance. Please ensure that you follow these instructions carefully to enjoy the enhanced performance of your S&W M&P Competition Kit.
