[Handgun Parts](#) > [Trigger Group Parts](#) > [Performance Enhancing Kits](#)

Drop-In Upgrade Parts Improve Trigger Pull For Competition Or Carry

Drop-in replacements for factory components enhance reliability and optimize the performance of your M&P for different applications. Installing the Competition Kit yields a smooth, consistent, trigger pull of slightly less than 3 lbs., with shorter over-travel and faster reset than a factory-stock M&P. Retain the factory sear spring to get a slightly heavier 3½ lb. pull. Designed for IDPA, USPSA, Steel Challenge, 3-gun, and similar types of action shooting competition. Not for duty, carry, or self-defense applications. Duty/Carry Kit delivers a smooth, consistent 5½ lb. trigger pull with less over-travel and shorter reset. Improves performance of your pistol while maintaining its safety features for daily carry. Retain the factory sear spring to get a slightly lighter 5 lb. pull. Both kits engineered for a drop-in fit, though gunsmith installation is recommended.

S&W M&P Action Enhancement Components Apex Tactical Specialties Inc Duty/Carry Kit Safety Instruction Guide

Introduction

Thank you for choosing the S&W M&P Action Enhancement Components Apex Tactical Specialties Inc Duty/Carry Kit. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this guide.
- Be aware that this product is designed for specific applications and should not be used for purposes other than intended.
- Regularly check for any updates or recalls related to this product via the EU's Safety Gate platform.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- This product is not intended for duty, carry, or selfdefense applications when using the Competition Kit.
- Always retain the factory sear spring if you wish to achieve a slightly heavier trigger pull in your Duty/Carry Kit.
- Ensure that the firearm is unloaded before beginning any installation or modification.
- Use protective eyewear and gloves during installation to avoid injury.
- Only use the product with compatible models: Smith & Wesson M&P in 9MM, .40 S&W, or .357 SIG.
- Keep the product and all components out of reach of children and unauthorized users.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools and components, including the Duty/Carry Kit.

2. Remove Factory Components:

- Carefully disassemble the firearm according to the manufacturer's instructions.
- Remove the factory sear and trigger components.

3. Install Duty/Carry Kit Components:

- Install the hard sear, Ultimate Striker Block, two sear springs, and trigger return spring included in the kit.
- If using the Duty/Carry Kit, also install the competition striker spring and aluminum slave pin for the trigger return spring.

4. Reassemble the Firearm:

- Carefully reassemble the firearm, ensuring all components are properly seated and secured.

- Doublecheck that all parts are installed correctly.

5. Testing:

- Conduct a function test in a safe environment to ensure proper operation.
- If any issues arise, consult a qualified gunsmith for assistance.

Usage Instructions

- The Duty/Carry Kit provides a smooth, consistent 5½ lb. trigger pull with less overtravel and shorter reset.
- Retain the factory sear spring if a lighter 5 lb. pull is desired.
- Always follow safe firearm handling practices during use.

Disposal Instructions

- Dispose of any unused or broken components in accordance with local regulations.
- Do not dispose of in regular household waste. Check for designated disposal sites for hazardous materials if applicable.

Contact Information for Further Support

For any inquiries regarding safety or product support, please reach out to the appropriate authorities or the manufacturer's customer service. Ensure that you have the product details ready for assistance.

Thank you for prioritizing safety while using the S&W M&P Action Enhancement Components Apex Tactical Specialties Inc Duty/Carry Kit. Your commitment to safe practices helps ensure a secure environment for all users.
