

3.5 CONNECTOR for GLOCK® - LONE WOLF DIST. 3.5 CONNECTOR FOR GLOCK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Connector Parts](#)

Smoothes Trigger Pull, Aids In Faster Reset

Drop-in replacement connector gives an immediate improvement in trigger performance on Glock a pistol. Provides the same 3.5 lb. trigger pull as the factory connector, but its 25% lighter weight and a highly polished, nickel-plated surface makes the pull smoother and more consistent. Helps the trigger reset more quickly for faster follow up shots and less temptation to jerk the trigger and compromise accuracy. Requires no permanent alterations to pistol, so factory connector can be reinstalled any time. Use in conjunction with Lone Wolf Ultimate Trigger Stop (available separately) for an even cleaner pull. Does not work with Glock 42/43

Safety Instruction Guide for 3.5 CONNECTOR for GLOCK® LONE WOLF DIST.

Introduction

Thank you for choosing the 3.5 CONNECTOR for GLOCK® from LONE WOLF DIST. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure that all safety measures are followed to prevent accidents and injuries.
- This product is designed for use with GLOCK® pistols only. Do not use it with other firearms.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Keep the product and all firearms out of the reach of children and unauthorized users.
- Regularly inspect the connector for wear and tear. Replace it if any damage is observed.
- Be aware of the potential hazards associated with modifications to your firearm.

Specific Safety Precautions for Use

- Only use this connector in conjunction with compatible GLOCK® models. This product does not work with Glock 42/43.
- Ensure that the pistol is unloaded before installation or maintenance.
- Avoid modifying the connector or the firearm beyond the manufacturer's specifications.
- Use caution when handling the firearm to prevent accidental discharge.
- Consult a qualified gunsmith if you are unsure about the installation process.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your GLOCK® pistol is completely unloaded.
- Gather necessary tools, including a punch tool for installation.

2. Installation Steps:

- Remove the slide from the frame of the GLOCK® pistol.
- Locate the factory connector within the trigger mechanism.
- Use the punch tool to remove the factory connector carefully.
- Insert the 3.5 CONNECTOR into the same slot where the factory connector was removed.
- Ensure that the connector is seated properly and securely.

3. Reassembly:

- Reassemble the slide onto the frame of the GLOCK® pistol.
- Conduct a function check to ensure that the trigger operates smoothly and correctly.

4. Usage:

- After installation, practice safe handling and shooting techniques.
- Regularly check the trigger pull and reset function to ensure consistent performance.

Disposal Instructions

- Dispose of any old or unused connectors in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the 3.5 CONNECTOR for GLOCK®, please refer to the manufacturer's official contact points or website for assistance.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and enjoyable experience with your 3.5 CONNECTOR for GLOCK® LONE WOLF DIST.
