

# 1911 MOLDED GRIPS - HAYES TOOLING & PLASTICS INC NYLON GRIPS, BROWN

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

## Durable Checkered Grips Provide Comfort & Economy

Thermoplastic composite grips are virtually unbreakable. Molded-in checkered texture keeps the pistol properly seated to help control recoil. Available in rigid, 13% glass-filled Nylon composite or flexible. Models are precision formed to fit and function just like the original G.I. grip panels. Not relieved for ambidextrous safeties.

# Safety Instruction Guide for 1911 Molded Grips

## Introduction

Thank you for choosing the 1911 Molded Grips by Hayes Tooling & Plastics Inc. These grips are designed for use with Government and Commander models of the 1911 Auto pistol. This guide provides important safety information, usage instructions, and disposal guidelines to ensure safe handling and operation.

## General Safety Guidelines

- Ensure that the grips are installed properly before use.
- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and grips in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the grips for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the grips if they show signs of cracking or damage.
- Ensure the grips are compatible with your specific model of the 1911 Auto pistol.
- Avoid using the grips in extreme temperatures, which may affect their performance.
- Do not modify the grips in any way, as this may compromise their structural integrity.
- Always follow the manufacturer's instructions for the safe handling and operation of your firearm.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing grips from the firearm using the appropriate tools.
- Align the new molded grips with the grip frame of the firearm.
- Secure the grips with the screws provided, ensuring they are tightened but not overtightened to avoid damage.

### 2. Usage

- After installation, hold the firearm securely and ensure that the grips are properly seated.
- Practice safe handling techniques when using the firearm.
- Regularly check the grips for proper fit and condition before each use.

## Disposal Instructions

- Dispose of the grips in accordance with local regulations regarding plastic waste.
- Do not burn the grips, as this may release harmful substances.
- If the grips are damaged, consider contacting a local waste management facility for guidance on safe disposal.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's website or customer service resources. Ensure that you have your product details ready for a more efficient response.

By following these guidelines and instructions, you can ensure the safe use of your 1911 Molded Grips. Thank you for your attention to safety and responsible firearm handling.
