Safety Instruction Guide for Stainless Steel Guide Rods GlockParts.com GR1722

Introduction

Thank you for choosing the Stainless Steel Guide Rods from GlockParts.com. This product is designed to enhance the performance of your Glock pistols, specifically models G17, 17L, 22, 24, 31, 34, 35, and 37. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is compatible with your specific Glock model.
- Always handle firearms and related accessories with care and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the guide rod for any signs of wear or damage before each use.
- If you experience any issues or have concerns about the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- The guide rod can be used with factory or flat wound springs. Ensure the spring you choose is appropriate for your needs.
- The rigid steel body improves lockup without "rod flex." However, improper installation can lead to operational issues.
- Use the hex screw to choose the appropriate spring weight. Always ensure it is tightened securely.
- Blue Loctite is recommended on the hex screw threads to prevent loosening during use.
- This guide rod is compatible with Generation 4 Glocks when used with a conversion insert.

Instructions for Installation and Usage

1. Installation:

- Ensure your Glock is unloaded and pointed in a safe direction.
- Remove the factory guide rod by following the manufacturer's instructions.
- Insert the Stainless Steel Guide Rod into the recoil spring assembly.
- Secure the hex screw using a suitable tool. Apply Blue Loctite to the threads to enhance stability.
- Ensure that the guide rod is seated properly and that there is no visible damage.

2. Usage:

- Always follow safe handling practices when using your firearm.
- Regularly check the guide rod for any signs of wear or damage.
- If you notice any issues, such as chipping or cracking, discontinue use immediately.
- Report any unsafe conditions or accidents to the appropriate authorities.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling if facilities are available in your area.

Contact Information for Further Support

For any questions or concerns regarding the Stainless Steel Guide Rods, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure the safe and effective use of your Stainless Steel Guide Rods. Always prioritize safety and be aware of your surroundings when handling firearms and accessories. Thank you for your attention to these guidelines, and enjoy your enhanced shooting experience.
