

ACCU/LEVEL ARTICULATING SCOPE LEVEL - FLATLINE OPS SNIPER 30MM ARTICULATING SCOPE LEVEL

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

Helps You Achieve True Vertical Hold For Improved Accuracy

The Accu/Level scope level clamps directly to the scope tube to help you correct "cant error" for a dead-on true vertical hold that improves accuracy. Bright, fluorescent yellow bubble-level pivots out into the open position for immediate use and swings back over the top of the scope for storage. Models available to fit 1", 30mm, and 34mm scope tubes. Accommodates both left- and right-hand shooters. Ring clamp holds tight with two stainless steel Allen head screws. Integral accessory dovetail accepts the Strong Arm Mount for attaching a cosine indicator to your Accu/Level.

ACCU/LEVEL ARTICULATING SCOPE LEVEL SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ACCU/LEVEL Articulating Scope Level. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure that the ACCU/LEVEL Scope Level is used only for its intended purpose.
- Always inspect the scope level before use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Do not modify or alter the scope level in any way, as this may compromise safety.
- Use the scope level in a welllit environment to ensure visibility of the bubble level.
- Be aware of your surroundings and ensure that you are in a safe area while using the product.

Specific Safety Precautions for Use

• Potential Hazards:

- The scope level may detach from the scope if not installed correctly, leading to misalignment.
- Improper use may result in inaccurate shooting, which could cause accidents.

• Avoiding Hazards:

- Always ensure that the ring clamp is securely tightened with the stainless steel Allen head screws before use.
- Do not attempt to use the scope level while the firearm is loaded.
- Ensure that the bubble level is clearly visible and properly aligned before taking any shots.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Locate the scope tube on your firearm (1", 30mm, or 34mm).
- Open the ring clamp of the ACCU/LEVEL Scope Level.
- Position the scope level on the scope tube, ensuring it is level with the crosshairs.
- Tighten the ring clamp securely using the two stainless steel Allen head screws.
- Ensure the bubble level is visible and properly aligned.

2. Usage:

- Before taking a shot, check the bubble level to ensure it is centered.
- If the bubble is not centered, adjust the firearm until it is level.
- After use, swing the bubble level back over the top of the scope for storage.

Disposal Instructions

- Dispose of the ACCU/LEVEL Scope Level in accordance with local regulations.

- Do not dispose of the product in household waste.
- Check with local waste management authorities for proper disposal methods for aluminum and other materials.

Contact Information for Further Support

For any inquiries regarding the safety and use of the ACCU/LEVEL Scope Level, please contact the appropriate support services in your region. Ensure you have product details ready for reference.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the ACCU/LEVEL Articulating Scope Level!
