

1911 PERFORMANCE SLIDE STOP - 10-8 PERFORMANCE 1911 SLIDE STOP .38/9 CARBON

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

Re-Engineered For Optimum Performance

Redesigned slide stop is machined from bar stock for strength and contoured for easy, reliable, positive operation. Features a long, wide finger pad with aggressive serrations for excellent traction, and a .200" diameter pin for secure lockup and smooth operation. The engagement surfaces contacting the magazine follower and the slide notch have been modified and optimized for performance, while the rear face is angled so the detent plunger keeps it positively in place under recoil until the magazine is empty.

Attributes

- Name: [10-8 PERFORMANCE 1911 SLIDE STOP .38/9 CARBON](#)
- Manufacturer: [10-8 PERFORMANCE](#)
- Product no.: 100007263

Safety Instruction Guide for 1911 PERFORMANCE SLIDE STOP

Introduction

Thank you for choosing the 1911 PERFORMANCE SLIDE STOP. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure safe and effective use of the product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the slide stop is compatible with your firearm model before installation.
- Always handle firearms safely and responsibly.
- Keep the slide stop and all firearm components out of the reach of children and unauthorized users.
- Regularly inspect the slide stop for any signs of wear or damage. If any issues are identified, discontinue use immediately.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Only use this slide stop with the following models: Government, Commander, Officers.
- Do not modify the slide stop in any way, as this could compromise safety and performance.
- Ensure that your firearm is unloaded before installing or adjusting the slide stop.
- When operating the firearm, maintain a proper grip on the slide stop to avoid accidental disengagement.
- Be aware of the recoil when firing, as this may affect the position of the slide stop.
- Always wear appropriate eye and ear protection when shooting.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing slide stop using a suitable tool.
- Align the new 1911 PERFORMANCE SLIDE STOP with the slide notch and magazine follower engagement surfaces.
- Insert the .200" diameter pin to secure the slide stop in place.
- Ensure that the rear face of the slide stop is properly angled to allow the detent plunger to function correctly.

2. Usage

- After installation, perform a function check to ensure the slide stop operates smoothly.
- Load the firearm with the appropriate caliber (9 mm or 40/10 mm).
- Fire the firearm while maintaining a firm grip and proper stance.
- Monitor the performance of the slide stop during use, ensuring it remains securely in place.

Disposal Instructions

- Dispose of any defective or wornout slide stops in accordance with local regulations.
- Do not dispose of the slide stop in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or safety concerns regarding the 1911 PERFORMANCE SLIDE STOP, please reach out to the designated EUbased contact point provided by the manufacturer.

Thank you for your attention to these safety guidelines. Enjoy your experience with the 1911 PERFORMANCE SLIDE STOP while ensuring safety and compliance with all regulations.
