# Thread Protectors for GLOCK® Lone Wolf Dist. 21 Thread Protector, .578"28 Safety Instructions

## Introduction

Thank you for choosing the Thread Protectors for your GLOCK® Lone Wolf Dist. 21. This product is designed to protect your threaded barrel when an accessory is not installed. Please read these safety instructions carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure that the Thread Protector is compatible with your threaded barrel. It is designed to fit Lone Wolf threaded barrels and others with the specified thread pattern only. It will not fit factory Glock® barrels.
- Inspect the Thread Protector before each use for any signs of damage or wear. Do not use if damaged.
- Keep the Thread Protector out of reach of children and vulnerable individuals. This product is not a toy and should only be used by responsible adults.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or removing the Thread Protector.
- Use only the specified thread pattern (.578"28) to avoid crossthreading and potential damage to the barrel.
- Do not overtighten the Thread Protector. Follow the manufacturer's guidelines for secure attachment.
- Avoid exposing the Thread Protector to extreme temperatures or harsh chemicals that may affect its integrity.
- Always store the Thread Protector in a safe, dry place when not in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather the necessary tools, if any, to assist with installation.

### 2. Installation:

- Align the Thread Protector with the threaded barrel of your firearm.
- Gently screw the Thread Protector onto the barrel by hand. Ensure it is aligned properly to avoid crossthreading.
- Once handtightened, use a suitable tool to secure the Thread Protector, being careful not to overtighten.

### 3. Usage:

- The Thread Protector is designed to protect the threads of your barrel when an accessory is not installed. Ensure it is in place whenever the firearm is not equipped with a muzzle device.
- Regularly check the Thread Protector for tightness and integrity during use.

### 4. Removal:

- To remove the Thread Protector, unscrew it from the barrel by hand. If necessary, use a tool to assist, ensuring not to apply excessive force.

## **Disposal Instructions**

- Dispose of the Thread Protector in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website for further assistance.

By following these safety instructions, you can ensure the safe and effective use of your Thread Protectors for GLOCK® Lone Wolf Dist. 21. Thank you for your attention to safety.
