

1-PIECE COATED RIFLE CLEANING RODS - WESTERN POWDERS

22-26 CALIBER 36" 8-32F CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

One piece, coated spring steel cleaning rods push a brush or jag through the toughest fouling without bending. Dirt and grit won't cling to the proprietary, nonembedding coating for extra protection of your prized rifle's bore. The machined aluminum handle is slim enough to avoid contact with the stock when cleaning from the breech, while still comfortable and easy-to-grasp for excellent control. Bearings at each end of the handle let the rod rotate smoothly to keep the jag or brush fully in contact with the rifling. Color-coded handles help you make sure you pick up the correct-caliber rod. Each rod has a soft aluminum ferrule at the threaded end to help protect the breech or muzzle from damage.

Attributes

- Name: [WESTERN POWDERS 22-26 CALIBER 36" 8-32F CLEANING ROD](#)
- Manufacturer: [WESTERN POWDERS](#)
- Product no.: 100007972
- Mfr. No.: 9160
- Caliber: 22 Caliber (.223-.224), 243/6 mm (.243)
- Length: 36
- Material: Stainless
- Style: Rifle
- Delivery weight: 0.318kg
- Shipping height: 32mm
- Shipping width: 32mm
- Shipping length: 1,130mm

Safety Instruction Guide for 1Piece Coated Rifle Cleaning Rods

Introduction

Thank you for choosing the 1Piece Coated Rifle Cleaning Rods by Western Powders. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure safe and effective use of the product. Please read this document carefully before using the cleaning rods.

General Safety Guidelines

- Always handle cleaning rods with care to avoid injury.
- Ensure that the cleaning rod is compatible with your firearm's caliber.
- Keep the cleaning rod and all accessories out of reach of children and vulnerable individuals.
- Inspect the cleaning rod before each use for any signs of damage or wear.
- Do not use the cleaning rod for purposes other than cleaning firearms.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Use the cleaning rod in a wellventilated area to avoid inhaling any cleaning chemicals.
- Wear appropriate eye protection when cleaning firearms to shield against potential debris.
- Ensure the firearm is unloaded and pointed in a safe direction before using the cleaning rod.
- Avoid excessive force when pushing the brush or jag through the bore to prevent damage.
- Do not attempt to clean the firearm if you are unsure of the process; consult a professional if needed.

Instructions for Installation and Usage

1. **Selecting the Right Rod:** Ensure you select the correct caliber rod for your firearm. The cleaning rod is colorcoded for easy identification.
2. **Preparing the Firearm:**
 - Ensure the firearm is completely unloaded.
 - Point the firearm in a safe direction.
3. **Attaching the Brush or Jag:**
 - Screw the appropriate brush or jag onto the threaded end of the cleaning rod.
 - Ensure it is securely fastened.
4. **Cleaning Process:**
 - Insert the cleaning rod into the bore from the breech.
 - Gently push the rod through the bore, allowing the brush or jag to remove fouling.
 - Use smooth, controlled motions to avoid bending the rod.
 - Rotate the rod if necessary, using the bearings at each end of the handle for smooth operation.
 - After cleaning, remove the brush or jag and clean it separately.
5. **PostCleaning:**
 - Inspect the bore for cleanliness.
 - Store the cleaning rod in a safe place, away from children and pets.

Disposal Instructions

- Dispose of any cleaning materials or chemicals in accordance with local regulations.
- If the cleaning rod becomes damaged beyond repair, recycle the materials if possible. Check local recycling guidelines for metal and aluminum products.

By following these guidelines, you can ensure a safe and effective cleaning experience with your rifle cleaning rods. Thank you for prioritizing safety and responsible firearm maintenance.
