

1-PIECE COATED RIFLE CLEANING RODS - WESTERN POWDERS

27-50 CALIBER 30" 8-32F CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

One piece, coated spring steel cleaning rods push a brush or jag through the toughest fouling without bending. Dirt and grit won't cling to the proprietary, nonembedding coating for extra protection of your prized rifle's bore. The machined aluminum handle is slim enough to avoid contact with the stock when cleaning from the breech, while still comfortable and easy-to-grasp for excellent control. Bearings at each end of the handle let the rod rotate smoothly to keep the jag or brush fully in contact with the rifling. Color-coded handles help you make sure you pick up the correct-caliber rod. Each rod has a soft aluminum ferrule at the threaded end to help protect the breech or muzzle from damage.

Attributes

- Name: [WESTERN POWDERS 27-50 CALIBER 30" 8-32F CLEANING ROD](#)
- Manufacturer: [WESTERN POWDERS](#)
- Product no.: 100007973

Safety Instruction Guide for 1Piece Coated Rifle Cleaning Rods

Introduction

Thank you for choosing the 1Piece Coated Rifle Cleaning Rods from Western Powders. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the cleaning rods.

General Safety Guidelines

- Ensure safe use of the cleaning rods by following these general safety guidelines:
 - Always handle the cleaning rods with care to avoid injury.
 - Keep the cleaning rods out of reach of children and vulnerable individuals.
 - Inspect the cleaning rods before use for any signs of damage or wear.
 - Use the cleaning rods only for their intended purpose: cleaning firearms.
 - Follow all local laws and regulations regarding firearm cleaning and maintenance.

Specific Safety Precautions for Use

- To minimize risks while using the cleaning rods, observe the following precautions:
 - Always ensure the firearm is unloaded before cleaning.
 - Avoid using excessive force when pushing a brush or jag through the bore.
 - Do not bend or twist the cleaning rod excessively, as this may cause damage.
 - Ensure that the cleaning rod is correctly threaded into the brush or jag before use.
 - Use appropriate personal protective equipment (PPE) such as safety glasses when cleaning firearms.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the cleaning rods:
 1. **Preparation:** Ensure the firearm is completely unloaded and pointed in a safe direction.
 2. **Attach the Brush or Jag:**
 - Select the appropriate brush or jag for the caliber of your firearm.
 - Thread the brush or jag onto the end of the cleaning rod securely.
 3. **Cleaning Process:**
 - Insert the cleaning rod into the breech of the firearm.
 - Gently push the brush or jag through the bore, allowing it to rotate freely.
 - Pull the cleaning rod back out of the barrel once the cleaning is complete.
 4. **Inspection:** After cleaning, inspect the cleaning rod for any signs of wear or damage.
 5. **Storage:** Store the cleaning rods in a safe, dry place away from children.

Disposal Instructions

- When the cleaning rods reach the end of their usable life, dispose of them responsibly:
 - Follow local regulations for disposing of metal and plastic materials.
 - Do not dispose of the cleaning rods in regular household waste.
 - Consider recycling options for metal components where available.

Contact Information for Further Support

- For any inquiries regarding the safety or usage of the cleaning rods, please refer to the product packaging or visit the manufacturer's website for further support.

Conclusion

By adhering to these safety instructions, you can ensure a safe and effective cleaning experience with your 1Piece Coated Rifle Cleaning Rods. Always prioritize safety and responsible firearm maintenance practices. Thank you for your attention to these guidelines.
