

# 1-PIECE COATED RIFLE CLEANING RODS - WESTERN POWDERS

## 27-50 CALIBER 36" 8-32F CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

One piece, coated spring steel cleaning rods push a brush or jag through the toughest fouling without bending. Dirt and grit won't cling to the proprietary, nonembedding coating for extra protection of your prized rifle's bore. The machined aluminum handle is slim enough to avoid contact with the stock when cleaning from the breech, while still comfortable and easy-to-grasp for excellent control. Bearings at each end of the handle let the rod rotate smoothly to keep the jag or brush fully in contact with the rifling. Color-coded handles help you make sure you pick up the correct-caliber rod. Each rod has a soft aluminum ferrule at the threaded end to help protect the breech or muzzle from damage.

### Attributes

- Name: [WESTERN POWDERS 27-50 CALIBER 36" 8-32F CLEANING ROD](#)
- Manufacturer: [WESTERN POWDERS](#)
- Product no.: 100007974
- Mfr. No.: 9180
- Caliber: 50 Caliber (.500-.501)
- Length: 36
- Material: Stainless
- Style: Rifle
- Delivery weight: 0.476kg
- Shipping height: 36mm
- Shipping width: 36mm
- Shipping length: 1,130mm
- UPC: 658638291804

# Safety Instruction Guide for 1Piece Coated Rifle Cleaning Rods

## Introduction

Thank you for choosing the 1Piece Coated Rifle Cleaning Rods by Western Powders. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully and keep it for future reference.

## General Safety Guidelines

- Ensure that the cleaning rod is used only for its intended purpose, which is to clean rifle barrels.
- Always inspect the cleaning rod and its components before use. Do not use if any parts are damaged or worn.
- Keep the cleaning rod out of reach of children and vulnerable individuals to prevent accidents.
- Store the cleaning rod in a safe place when not in use, away from moisture and extreme temperatures.
- Be aware of your surroundings when using the cleaning rod to avoid injury to yourself or others.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when cleaning your rifle to prevent debris from entering your eyes.
- Use the cleaning rod with a compatible brush or jag to avoid damaging the rifle's bore.
- Do not force the cleaning rod through the barrel; if resistance is felt, stop and assess the situation.
- Ensure that the rifle is unloaded and pointed in a safe direction before using the cleaning rod.
- Do not attempt to clean a rifle while it is still hot after firing; allow it to cool down to avoid burns.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the rifle is unloaded and the safety is engaged.
- Select the appropriate caliber cleaning rod for your rifle.

### 2. Attaching the Brush or Jag:

- Screw the brush or jag onto the threaded end of the cleaning rod, ensuring a secure fit.
- Use the soft aluminum ferrule to protect the breech or muzzle from damage during attachment.

### 3. Cleaning Process:

- Insert the cleaning rod into the rifle barrel from the breech end.
- Gently push the rod through the barrel, allowing it to rotate freely due to the bearings in the handle.
- Pull the rod back out, and repeat the process as necessary, ensuring that the brush or jag remains in contact with the rifling.

### 4. PostCleaning:

- After cleaning, detach the brush or jag from the cleaning rod.
- Wipe down the cleaning rod with a soft cloth to remove any residue.
- Store the cleaning rod in a dry place.

## Disposal Instructions

- Dispose of any damaged or worn cleaning rods in accordance with local regulations.
- Recycle materials where possible, such as aluminum and steel components, according to your local recycling guidelines.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or product issues, please refer to the contact information provided with your product packaging.

**Important Note:** This guide is intended to ensure the safe use of the 1Piece Coated Rifle Cleaning Rods. Always prioritize safety and follow the instructions closely to minimize risks associated with firearm maintenance.
