

WEAPON SHIELD CLP OIL - STEEL SHIELD TECHNOLOGIES WEAPON SHIELD 4OZ

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Clears Out Fouling, Minimizes Wear Of Moving Parts & Fights Corrosion

A powerful lubricant, cleaner, and preservative aggressively formulated for use in firearms that run HARD. Weapon Shield™ cleans out carbon fouling, removes lead deposits, lubricates, and guards against extreme pressure and wear. And it's great at fighting corrosion, too. Its Advanced Boundary Film (ABF) technology reduces that coefficient of friction between the bullet and bore surface, improving the ballistic movement of the bullet to help promote more consistent groups and fewer flyers. Weapon Shield Grease for maximum lubricating effectiveness or for fast-moving parts where oil just "slings off". Weapon Shield Solvent effectively breaks up carbon fouling and helps remove lead residue from the bore without using toxic volatile chemicals. Maintenance Kit is a complete suite of products to clean, lubricate, and protect your firearms. Contains a ¼ fl. oz. needle oiler AND 4 fl. oz. bottle of Weapon Shield cleaner-lubricant-protectant, a 4 fl. oz. bottle of solvent, and a Weapon Shield Grease syringe.

Safety Instruction Guide for STEEL SHIELD TECHNOLOGIES WEAPON SHIELD CLP OIL

Introduction

Thank you for choosing the STEEL SHIELD TECHNOLOGIES WEAPON SHIELD CLP OIL. This product is a powerful lubricant, cleaner, and preservative designed specifically for firearms. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always keep the product out of reach of children and vulnerable individuals.
- Use the product only as intended and according to the instructions provided.
- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical advice.
- Ensure good ventilation in the area where the product is used. Avoid inhaling vapors.
- Do not use the product near open flames or heat sources.
- Store the product in a cool, dry place away from direct sunlight and heat.
- Dispose of the product and its container in accordance with local regulations.

Specific Safety Precautions for Use

- Before using, read all instructions carefully.
- Use appropriate personal protective equipment (PPE), including gloves and safety goggles.
- Do not mix the product with other chemicals or cleaners.
- Use only in wellventilated areas to minimize inhalation risks.
- Avoid applying excessive amounts of the product to prevent buildup that may affect firearm performance.
- If you experience any adverse reactions, discontinue use immediately and consult a healthcare professional.

Instructions for Installation and Usage

1. **Preparation:** Ensure that the firearm is unloaded and pointed in a safe direction before applying the product.
2. **Application of Cleaner:**
 - Shake the bottle well before use.
 - Apply a small amount of Weapon Shield™ to a clean cloth or directly onto the firearm's surface.
 - Wipe down the affected areas to remove carbon fouling and lead deposits.
3. **Lubrication:**
 - For lubrication, apply Weapon Shield™ Oil to moving parts of the firearm.
 - Use Weapon Shield Grease for maximum lubricating effectiveness on fastmoving parts.
4. **Cleaning with Solvent:**
 - Use Weapon Shield Solvent to break up carbon fouling.
 - Apply the solvent to a cleaning patch and run it through the bore of the firearm.
5. **Maintenance Kit Use:**
 - Follow the instructions provided in the Maintenance Kit for additional cleaning and protection.
 - Ensure that all components of the kit are used as directed.

Disposal Instructions

- Dispose of any unused product and its container in accordance with local environmental regulations.
- Do not dispose of the product in household waste or down the drain.

- Check local guidelines for hazardous waste disposal if necessary.

Contact Information for Further Support

For any questions regarding the safety and use of the STEEL SHIELD TECHNOLOGIES WEAPON SHIELD CLP OIL, please refer to the product packaging or visit the official website for additional resources and support.

By following these guidelines, you can ensure safe and effective use of the STEEL SHIELD TECHNOLOGIES WEAPON SHIELD CLP OIL. Thank you for prioritizing safety in your firearm maintenance practices.
