

# AR-15 GAS TUBE STAINLESS STEEL - DOUBLE STAR AR-15 GAS TUBE STAINLESS STEEL PISTOL

[Rifle Parts](#) > [Gas System Parts](#) > [Gas Tubes](#)

Short gas tube is made specifically for AR pistols. Fits currently available 6 1/4" to 7 1/2" pistol barrels. Also a handy alternative for really short carbine barrels where a standard carbine-length tube is too long.

# Safety Instruction Guide for AR15 Gas Tube Stainless Steel

## Introduction

Thank you for choosing the AR15 Gas Tube Stainless Steel by Double Star. This product is designed specifically for AR pistols and is compatible with 6½" to 7½" pistol barrels. It also serves as an alternative for short carbine barrels. This guide provides essential safety instructions to ensure safe installation and usage of your gas tube.

## General Safety Guidelines

- Ensure that you understand all safety instructions before using the product.
- Always handle firearms with care and follow standard safety protocols.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the gas tube for any signs of wear, damage, or corrosion.
- Use the gas tube only for its intended purpose as described in this guide.
- Do not modify the gas tube in any way, as this may compromise safety.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper installation may lead to malfunction or failure of the gas system.
- Using the gas tube with incompatible barrel lengths can cause performance issues.

### • Avoiding Hazards:

- Always ensure the firearm is unloaded before installation.
- Use proper tools and equipment during installation to avoid injuries.
- Wear safety glasses to protect your eyes from debris during installation.
- Do not attempt to install the gas tube if you are unsure of the procedure; seek professional assistance.

### • Age Specific Warnings:

- This product is intended for adult use only. Keep it away from children.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary tools: wrenches, screwdrivers, and safety glasses.

### 2. Installation:

- Remove any existing gas tube from the firearm if applicable.
- Align the new gas tube with the gas block on the barrel.
- Secure the gas tube in place using the appropriate screws or pins, ensuring a snug fit.
- Doublecheck that the gas tube is properly aligned and secured.

### 3. Usage:

- After installation, perform a function check to ensure that the gas system operates correctly.
- Fire the weapon in a controlled environment to verify performance.
- If you notice any irregularities, stop using the firearm immediately and inspect the installation.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the gas tube becomes damaged or is no longer functional, dispose of it responsibly.
- Do not throw the gas tube in regular trash; check for local recycling or hazardous waste disposal options.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the AR15 Gas Tube, please reach out to the manufacturer or authorized dealer for assistance. Ensure to have the product details available for efficient support.

By following these guidelines, you can ensure safe and effective use of your AR15 Gas Tube Stainless Steel. Always prioritize safety and consult professionals if you are uncertain about any procedures. Thank you for your attention to safety!
