[Shooting Accessories](#) > [Range Gear](#) > [Magazine Storage Pouches](#)

High Speed Gear's Double Decker TACO® magazine carrier combines their modular rifle mag pouch and a modular pistol mag pouch into one secure unit. This unique pouch can securely hold a variety of combinations of mags and other accessories. The original TACO® forms the base and USGI, HK, PMAG, ARC, FAL, AK 30/ 40, LR20 and M14 magazines are all held securely and deployed easily and silently on demand. The HSGI TACO® even works for certain radios, flash bangs and smoke grenades providing versatility while taking up only 3" horizontal inches on your platform. On top, they attached a Pistol TACO®. This versatile pouch will hold almost any pistol magazine. Single stack, double stack; it makes no difference. 1911, HK 45, M9/Beretta 92, Glock, XD mags are all held securely and deployed easily and silently on demand. The HSGI Pistol Taco® can also hold a variety of multi-tools and flashlights. Both Taco pouches are made of Cordura, an injection molded polymer and shock-cord. The pouches both maintain a positive, adjustable grip of the mag and do not require any other securing systems unless desired. Webbing tabs are sewn in on the top for use of "over the top" bungee retainers (not included). Additional loop Velcro® is sewn in the inside of the rifle pouch if the user wishes to utilize adhesive backed hook Velcro on their magazine body for added security.

# Safety Instruction Guide for MAGAZINE CARRIER DOUBLE DECKER TACO MOLLE

## Introduction

Thank you for choosing the MAGAZINE CARRIER DOUBLE DECKER TACO MOLLE by High Speed Gear. This product is designed to securely hold a variety of rifle and pistol magazines, as well as other accessories. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a magazine carrier.
- Regularly inspect the carrier for any signs of wear or damage. Do not use if damaged.
- Keep the carrier out of reach of children and vulnerable individuals to prevent accidental use.
- Follow all local laws and regulations regarding the carrying and storage of firearms and ammunition.
- Be aware of your surroundings when using this product, especially in public or crowded areas.

## Specific Safety Precautions for Use

- Always ensure that magazines are securely fastened within the carrier before moving or engaging in activities.
- Avoid overloading the carrier beyond its intended capacity to maintain control and prevent accidents.
- When using the Pistol TACO® for holding multitools or flashlights, ensure they are compatible and securely fit within the pouch.
- Use the webbing tabs for bungee retainers only if they are compatible with your specific application. Retainers are not included with the product.
- If using adhesive backed hook Velcro on magazine bodies, ensure it is properly applied to avoid detachment during use.

## Instructions for Installation and Usage

### 1. Attachment to Gear:

- Securely attach the Double Decker TACO® to your tactical gear using the MOLLE system.
- Ensure it is firmly in place before use.

### 2. Loading Magazines:

- Insert rifle magazines into the main TACO® pouch, ensuring they are seated properly.
- For the Pistol TACO®, insert the pistol magazines ensuring they fit snugly within the pouch.

### 3. Adjusting Grip:

- The carrier features an adjustable grip. Adjust it according to the size of the magazines being used for optimal retention.

### 4. Using Bungee Retainers:

- If using bungee retainers, attach them through the webbing tabs at the top of the carrier for added security.
- Ensure that the retainers do not obstruct the quick access to magazines.

### 5. Regular Maintenance:

- Clean the carrier with a damp cloth to remove dirt or debris.
- Avoid using harsh chemicals or solvents that could damage the material.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding textile and plastic waste.
- If the product is damaged beyond repair, consider recycling the materials where possible to minimize environmental impact.
