

# AR-15 ACS-L STOCK COLLAPSIBLE COMMERCIAL - MAGPUL AR-15 ACS-L STOCK COLLAPSIBLE COMMERCIAL BLK

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The Adaptable Carbine Stock-Light (ACS-L) is a slimmed-down, lightweight, version of Magpul's popular ACS stock. The ACS-L provides extra maneuverability by eliminating the ACS's side storage compartments, while retaining the wide, sloping top for a secure, comfortable cheekweld. Also retained is the storage compartment in the tail of the stock, and the friction locking system that prevents unwanted wobble after extending the stock. Includes a reversible socket for QD pushbutton sling swivels and a 1" sling loop molded in the toe of the stock. The .3" thick rubber recoil pad can be replaced by Magpul Tactical Recoil Pads (sold separately). Models available to fit Commercial (1.17" O.D.) carbine buffer tubes. Buffer tube, carbine buffer, receiver extension nut, and carbine-length action spring not included.

## Attributes

- Name: [MAGPUL AR-15 ACS-L STOCK COLLAPSIBLE COMMERCIAL BLK](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 100009327
- Mfr. No.: MAG379-BLK
- Colour: Black

# Safety Instruction Guide for AR15 ACSL Stock Collapsible Commercial

## Introduction

Thank you for choosing the Magpul AR15 ACSL Stock Collapsible Commercial. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before attaching or detaching the stock.
- Inspect the stock for any damage before use. Do not use if damaged.
- Keep the stock and all related components away from children and unauthorized users.
- Use only with compatible AR15 platforms and commercial buffer tubes (1.17" O.D.).
- Ensure proper installation as per the instructions provided in this guide.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the manufacturer's specifications for length of pull adjustments.
- Ensure the friction locking system is engaged to prevent unwanted wobble after extending the stock.
- Use the provided storage compartment responsibly and do not overload it.
- If using a sling, ensure it is properly attached to the reversible socket or sling loop.
- Regularly check the condition of the recoil pad and replace it if worn or damaged.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure the firearm is unloaded and on a stable surface.
2. **Remove Existing Stock:** Using the appropriate tools, detach the existing stock from the buffer tube.
3. **Install the ACSL Stock:**
  - Align the ACSL stock with the buffer tube.
  - Slide the stock onto the buffer tube until it is fully seated.
  - Secure the stock using the receiver extension nut, ensuring it is tightened according to manufacturer specifications.
4. **Adjust Length of Pull:**
  - Pull the stock to the desired length of pull (15" extended; 11¾" retracted).
  - Engage the friction locking system to secure the stock in place.

### Usage

- To ensure a secure cheek weld, rest your cheek on the wide, sloping top of the stock.
- Adjust the stock length as needed for comfort, ensuring the locking system is engaged after adjustments.
- When using a sling, connect it to the reversible socket or the molded sling loop in the toe of the stock.

## Disposal Instructions

- Dispose of the stock and any associated components in accordance with local regulations.
- Do not dispose of in regular household waste.
- Contact local waste management authorities for proper disposal guidelines.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please consult the manufacturer's website or contact the appropriate support channels.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
