

AR-15/M16 SINGLE ATTACHMENT SLING END PLATE - VLTOR WEAPON SYSTEMS SASE-2E ENHANCED SASE-2 END PLATE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Unique Indexing Washer Allows Fast, Easy Installation For Right- Or Left-Hand Shooters

Ambidextrous, all steel endplate provides secure, balanced single-point sling attachment, so your collapsible-stock rifle or carbine can be carried tangle-free in the ready position at all times. Special indexing washer with screw interfaces with the rear of the receiver to allow easy installation for right- or left-hand use. SASE-1 features a single slot that accepts conventional 1¼" wide webbing. SASE-2 has loop to accept HK-style hook or carabineer clips. The SASE-2E is an enhanced version of the SASE-2 featuring a larger loop to accommodate larger HK-style hooks

Safety Instruction Guide for AR15/M16 Single Attachment Sling End Plate VLTOR Weapon Systems SASE2E Enhanced SASE2 End Plate

Introduction

Thank you for purchasing the AR15/M16 Single Attachment Sling End Plate by VLTOR Weapon Systems. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the sling end plate is installed correctly to prevent any accidents during use.
- Always inspect the product for any signs of wear or damage before each use.
- Use the sling end plate only with compatible firearms, specifically those designed for AR15/M16/M4 and their clones with collapsible stocks.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the sling end plate.
- Do not use the sling end plate if it shows signs of damage or wear.
- Ensure that the sling is securely attached to the end plate before carrying the firearm.
- When using the sling, be aware of your surroundings to avoid tangling or snagging.
- If using the SASE2E model, ensure that the larger loop is compatible with your HKstyle hook or carabineer clips.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Locate the rear of the receiver where the sling end plate will be installed.
- Use the special indexing washer and screw provided to secure the end plate to the receiver.
- Tighten the screw adequately to ensure a secure fit, but avoid overtightening which may cause damage.
- For ambidextrous use, ensure the end plate is positioned according to your preference (right or lefthand use).

2. Usage:

- Attach your sling to the end plate securely.
- When carrying the firearm, maintain a firm grip and keep the sling taut to prevent movement.
- Regularly check the attachment points for any signs of wear or loosening during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and plastic waste.
- If the product is damaged beyond use, ensure it is disposed of in a manner that prevents accidental use by others.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please reach out to the manufacturer's customer service or refer to the product's official website for additional support and resources.

By following these safety instructions, you contribute to a safer experience when using the AR15/M16 Single Attachment Sling End Plate. Thank you for your attention to safety.
