

AR-15/M16 VICKERS COMBAT APPLICATIONS SLING - BLUE FORCE GEAR VICKERS VCAS, ACETAL, BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Adjusts Quickly, Won't Tangle Or Twist

Two-point sling with quick adjustment strap lets the operator change sling length without creating loose ends that can tangle with other gear. Allows for a variety of carry and shooting positions based on the required tactical response. Fits rifles and carbines with side-mounted sling swivels that have 1 $\frac{1}{4}$ " wide loops. Composed of two, separate sections of Cordura® nylon webbing: 17" forearm end, including quick adjustment loop, and 30" rear buttstock end, joined together with a high-strength steel loop. Available with sliding adjustment buckles made of tough molded Acetal military-grade hard polymer. Combat-proven; deployed with all branches of U.S. military. Developed by Larry Vickers, noted firearms expert and former operational member of 1st SFOD Delta (aka "Combat Applications Group").

Safety Instruction Guide for AR15/M16 Vickers Combat Applications Sling

Introduction

Thank you for purchasing the AR15/M16 Vickers Combat Applications Sling by Blue Force Gear. This guide provides essential safety information to ensure safe use and maintenance of your sling. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the sling is suitable for your firearm and compatible with sidemounted sling swivels that have 1¼" wide loops.
- Inspect the sling for any signs of wear or damage before each use. Do not use if damaged.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the sling away from children and unauthorized users.
- Be aware of your surroundings when using the sling to avoid accidents.

Specific Safety Precautions for Use

- **Adjusting the Sling:**

- Always ensure the sling is securely adjusted before use to prevent accidental loosening during operation.

- **Carrying Firearms:**

- When using the sling to carry your firearm, ensure that the firearm is pointed in a safe direction at all times.

- **Shooting Positions:**

- Be cautious when transitioning between different shooting positions. Ensure that the sling does not obstruct your movement or create hazards.

- **Storage:**

- Store the sling in a cool, dry place away from direct sunlight to prevent material degradation.

Instructions for Installation and Usage

1. **Installation:**

- Attach the forearm end of the sling to the front sling swivel on your firearm.
 - Attach the rear buttstock end of the sling to the rear sling swivel.
 - Ensure both ends are securely fastened and check for proper attachment.

2. **Adjusting the Sling:**

- To adjust the sling length, pull on the quick adjustment strap to lengthen or shorten the sling as needed.
 - Ensure that there are no loose ends that could tangle with other gear.

3. Using the Sling:

- Adjust the sling to the desired length based on your carry style and shooting position.
- Always verify that the sling is properly adjusted before engaging in any activities.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged beyond repair, consider recycling the materials if possible.
- Do not dispose of the sling in regular household waste if it is made of materials that can be recycled.

Contact Information for Further Support

For any safety inquiries or further support regarding the AR15/M16 Vickers Combat Applications Sling, please consult the contact information provided with your product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the safe use of your AR15/M16 Vickers Combat Applications Sling. Always prioritize safety and responsible firearm handling. Thank you for choosing Blue Force Gear.
