

AR-15/M16 VICKERS COMBAT APPLICATIONS SLING - BLUE FORCE GEAR VICKERS VCAS, ACETAL, COYOTE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Adjusts Quickly, Won't Tangle Or Twist

Two-point sling with quick adjustment strap lets the operator change sling length without creating loose ends that can tangle with other gear. Allows for a variety of carry and shooting positions based on the required tactical response. Fits rifles and carbines with side-mounted sling swivels that have 1¼" wide loops. Composed of two, separate sections of Cordura® nylon webbing: 17" forearm end, including quick adjustment loop, and 30" rear buttstock end, joined together with a high-strength steel loop. Available with sliding adjustment buckles made of tough molded Acetal military-grade hard polymer. Combat-proven; deployed with all branches of U.S. military. Developed by Larry Vickers, noted firearms expert and former operational member of 1st SFOD Delta (aka "Combat Applications Group").

Safety Instruction Guide for the AR15/M16 Vickers Combat Applications Sling

Introduction

Thank you for choosing the AR15/M16 Vickers Combat Applications Sling by Blue Force Gear. This twopoint sling is designed for safe and effective use with rifles and carbines. Please read this safety instruction guide carefully to ensure proper usage and to minimize risks associated with the product.

General Safety Guidelines

- Ensure that the sling is compatible with your firearm before use.
- Inspect the sling for any signs of wear or damage before each use.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the sling out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

• Potential Hazards:

- Risk of entanglement with loose ends.
- Improper adjustment may lead to loss of control over the firearm.
- Ensure that the sling does not obstruct the operation of the firearm.

• Avoiding Hazards:

- Adjust the sling length carefully to avoid creating loose ends.
- Practice using the sling in a safe environment before operational use.
- Ensure that the sling is securely attached to the firearm before use.
- Do not use the sling if any part is damaged or worn.

• Age or AudienceSpecific Warnings:

- This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

• Installation:

1. Attach the front end of the sling to the sidemounted sling swivel on the rifle or carbine.
2. Securely fasten the rear end of the sling to the buttstock swivel.
3. Ensure that both ends are properly tightened and cannot be easily detached.

• Usage:

- To adjust the sling length:
 1. Locate the quick adjustment strap on the sling.
 2. Pull the strap to shorten the sling or release it to lengthen the sling.
 3. Ensure that the adjustment does not create any loose ends.
- When carrying the firearm, ensure that the sling is positioned to allow for quick access and safe handling.
- Practice transitioning between carry and shooting positions to familiarize yourself with the sling's

functionality.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged beyond repair, consider recycling the materials where possible.

Contact Information for Further Support

For further support or inquiries regarding safety, please contact the manufacturer or consult the product documentation.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on responsible use and maintenance of the AR15/M16 Vickers Combat Applications Sling.
