## New Versatility For The World's Most Popular Shotgun

Innovative, integrated accessory system lets you apply the "Magpul Method" to make the tried-and-true 12 gauge 870 into a state-of-the-art tactical shotgun exactly fitted to your mission requirements. Major components are made from the same tough, hard polymer Magpul uses for their AR-15 stocks to ensure superb durability under harsh conditions. Easy to install modular risers fit on the comb of the SGA Stock to change the comb height for a better cheek weld and to position the shooter's head at the proper height for various sights and optics. Low kit includes two inserts that raise the comb  $\frac{1}{4}$ " or  $\frac{1}{2}$ " above the standard SGA comb. High kit's two inserts raise the comb  $\frac{1}{2}$ " or  $\frac{3}{4}$ " above the standard comb.

\*Note: For aftermarket raised receiver rails and optics utilizing higher mounts, you may need to add to the common configurations above accordingly. Optic mounts designed for the AR15/M16 platform may be too high for use with the Magpul SGA stock depending on the shooter preference.

# Safety Instruction Guide for REMINGTON 870 SGA Cheek Riser Kits

## Introduction

Thank you for choosing the REMINGTON 870 SGA Cheek Riser Kits. This product is designed to enhance the usability of your shotgun, providing a customized fit for improved shooting comfort and performance. Please read this safety instruction guide carefully to ensure safe usage and installation.

## General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure the firearm is unloaded before installing or adjusting any accessories.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product regularly for wear or damage before each use.
- If you notice any defects or issues, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Use the cheek riser kits only with the compatible SGA Stock.
- Ensure that the comb height is adjusted correctly for your shooting style and optics.
- Avoid using the cheek riser kits with incompatible sights or optics, as this may lead to improper alignment and safety hazards.
- Do not exceed the recommended height adjustments ( $\frac{1}{4}$ " or  $\frac{1}{2}$ " for low kit;  $\frac{1}{2}$ " or  $\frac{3}{4}$ " for high kit).
- Be aware of your surroundings and ensure a safe shooting environment.

## Instructions for Installation and Usage

### Installation Steps

#### 1. Preparation:

- Ensure the shotgun is unloaded and in a safe position.
- Gather necessary tools, if required.

#### 2. Remove Existing Comb:

- If applicable, carefully remove the existing comb from the SGA Stock.

#### 3. Select Appropriate Insert:

- Choose the insert that meets your desired comb height ( $\frac{1}{4}$ ",  $\frac{1}{2}$ ", or  $\frac{3}{4}$ ").

#### 4. Attach Insert:

- Align the selected insert with the comb of the SGA Stock.
- Firmly press or secure the insert into place, ensuring it is locked in correctly.

#### 5. Reattach Comb:

- If applicable, reattach the comb to the SGA Stock, ensuring it fits securely.

#### 6. Final Check:

- Verify that the installation is secure and that there are no loose parts before use.

## Usage Tips

- Adjust the cheek riser to find the most comfortable position for your shooting style.
- Practice with the new setup in a safe environment to ensure familiarity before actual use.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the cheek riser kits are damaged beyond repair, dispose of them responsibly to minimize environmental impact.
- Follow local guidelines for disposing of polymer products.
