

AR-15/M16 C4 CARBINE CUTOUT RAIL SYSTEM - CENTURION ARMS CARBINE CUTOUT, 9 5/8"

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Two-piece, four-rail handguard installs easily and gives flattop receivers a continuous 12 o'clock rail. Clamps directly to standard barrel nut and features T-marks for proper optic and accessory remounting reference. Machined aluminum construction combines strength with light weight. Carbine Cutout model extends rails $\frac{3}{4}$ " around sides of front sight base on carbine-length gas systems.

Safety Instruction Guide for AR15/M16 C4 Carbine Cutout Rail System

Introduction

Thank you for choosing the AR15/M16 C4 Carbine Cutout Rail System by Centurion Arms. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your product. Please read this document carefully before using the rail system.

General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or handling the rail system.
- Use the rail system only with compatible firearms as specified by the manufacturer.
- Regularly inspect the rail system for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearms and accessories.
- Store the rail system in a safe and secure location, away from children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the rail system is securely attached to the firearm before use.
- Do not exceed the weight limits of the rail system; refer to the manufacturer's specifications for details.
- Avoid using the rail system with accessories that are not designed for use with Picatinny rails.
- Be cautious when mounting or dismounting optics and accessories; ensure they are properly secured.
- If you experience any difficulties during installation or usage, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and safe to handle.
- Remove the existing handguard from the firearm by following the manufacturer's instructions.
- Align the rail system with the barrel nut and slide it into place.
- Secure the rail system by tightening the clamps according to the provided mounting hardware instructions.
- Verify that the rail is securely attached and does not move or shift.

2. Usage:

- Once installed, you can mount optics and accessories onto the rail system.
- Use the Tmarks on the rail for proper positioning of your accessories.
- Regularly check the tightness of mounted accessories to ensure they remain secure during use.
- If you need to remove or adjust any accessories, ensure the firearm is unloaded before proceeding.

Disposal Instructions

- Dispose of the rail system in accordance with local regulations regarding electronic and metal waste.
- If the product is damaged or no longer in use, consider recycling the aluminum components where possible.

Contact Information for Further Support

For any inquiries or concerns regarding the AR15/M16 C4 Carbine Cutout Rail System, please contact the manufacturer directly. They will provide assistance and answer any questions you may have about the product.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your AR15/M16 C4 Carbine Cutout Rail System. Always prioritize safety and remain informed about best practices when handling firearms and accessories.
