

AR-15/M16 NICKEL BORON CAM PIN - WMD GUNS NIB-X® SPARE BOLT CAM PIN

[Home](#)

Self-Lubricating Finish For Outstanding Durability & Resistance To Fouling

Precisely machined from high-grade steel alloy to government M16 specs, then given WMD's proprietary NiB-X® nickel boron coating that results in a super-smooth, harder-than-chrome surface. NiB-X® reduces friction to the bare minimum and is impervious to corrosion and abrasion. The slick finish also keeps carbon from adhering, so clean up is much faster and easier than with standard parts. Ideal choice for 3-gun competitor sand other high-volume shooters.

Safety Instruction Guide for AR15/M16 Nickel Boron Cam Pin

Introduction

Thank you for choosing the AR15/M16 Nickel Boron Cam Pin by WMD Guns. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your product. Please read this guide carefully before use.

General Safety Guidelines

- Always ensure that the firearm is unloaded before any maintenance or installation of parts.
- Keep the product out of reach of children and unauthorized users.
- Inspect the cam pin for any signs of damage or wear before each use.
- Use only compatible parts and accessories with your AR15/M16 to avoid malfunctions.
- Follow all local laws and regulations regarding firearm use and modifications.

Specific Safety Precautions for Use

- Do not modify the cam pin or any firearm components in a way that may compromise safety or performance.
- Ensure proper lubrication of the cam pin before installation to reduce friction and wear.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Avoid using the firearm in adverse conditions, such as extreme temperatures or wet environments, without proper precautions.
- If you experience any malfunctions or unusual behavior from your firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is completely unloaded and safe to handle.
- Gather necessary tools, including a punch tool and a hammer if required.

2. Installation:

- Remove the existing cam pin from the bolt carrier group by pushing it out with a punch tool.
- Align the new Nickel Boron Cam Pin with the bolt carrier group and insert it into the designated slot.
- Ensure that the cam pin is properly seated and secured in place.

3. Usage:

- Regularly check the cam pin for any signs of wear or damage during routine maintenance.
- Clean the cam pin after use to prevent carbon buildup and ensure optimal performance.

Disposal Instructions

- Dispose of any damaged or worn cam pins in accordance with local regulations.
- Do not dispose of the cam pin in regular household waste. Instead, contact local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to the contact information provided by your retailer or manufacturer. It is essential to have access to support for any questions or issues that may arise.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your AR15/M16 Nickel Boron Cam Pin. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these important safety measures.
