LEE CLASSIC LOADERS LEE PRECISION 44 MAGNUM LOADER Safety Instructions

Introduction

Thank you for choosing the LEE CLASSIC LOADERS LEE PRECISION 44 MAGNUM LOADER. This product is designed to provide you with a complete reloading system for your 44 Magnum cartridges. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines when using the reloading system.
- Ensure that you are of legal age to purchase and use reloading equipment in your jurisdiction.
- Keep this product out of reach of children and unauthorized users.
- Use the loader only for its intended purpose and with the specified cartridges.
- Be aware of your surroundings and ensure that you are in a safe environment while reloading.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling components.
- Store all components, including powders and primers, in a cool, dry place away from direct sunlight and heat sources.
- Regularly inspect your equipment for wear and damage before use.

Specific Safety Precautions for Use

- **Hammer Safety:** Use a hammer or rubber mallet carefully to avoid injury. Ensure that your hands are clear of the loader when striking.
- **Priming Chamber:** Be cautious when handling the priming chamber. Ensure that it is properly seated before use to prevent accidental discharge.
- **Powder Measure:** Always doublecheck the powder measure setting before charging cases. Avoid overcharging to prevent dangerous situations.
- **Bullet Seating:** Ensure that the bullet seating operation is performed with care. Do not apply excessive force which may cause damage or injury.
- **Ventilation:** Ensure adequate ventilation in your workspace when handling powders and primers to avoid inhalation of harmful substances.
- **Emergency Procedures:** Familiarize yourself with emergency procedures in case of an accident or malfunction.

Instructions for Installation and Usage

1. Unpacking the Kit:

- Carefully remove all components from the packaging.
- Check the contents against the included list to ensure everything is present.

2. Setting Up the Loader:

- Place the loader on a stable, flat surface to prevent movement during use.
- Assemble the Sizing Die, Decapping Chamber, Bullet Seater, and Priming Chamber according to the instructions provided.

3. Reloading Process:

- **Decapping:** Insert the cartridge into the Decapping Chamber and use a hammer or rubber mallet

to remove the spent primer.

- **Sizing:** Place the resized case in the Sizing Die and apply pressure using the hammer or mallet to resize the case.
- **Priming:** Insert a new primer into the Priming Chamber and ensure it is seated correctly.
- **Powder Charging:** Use the Powder Measure to dispense the correct amount of powder into the case.
- **Bullet Seating:** Place a bullet on top of the charged case and use the Bullet Seater to push it into the case to the desired depth.

4. Final Checks:

- After reloading, visually inspect each cartridge for proper assembly and ensure there are no obstructions.
- Store completed cartridges in a safe and organized manner.

Disposal Instructions

- Dispose of any unused or expired components in accordance with local regulations.
- Do not dispose of powders or primers in regular household waste.
- Contact your local waste management authority for proper disposal methods for hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or use of the LEE CLASSIC LOADERS LEE PRECISION 44 MAGNUM LOADER, please refer to the manufacturer's website or customer service for assistance. Ensure you have your product details available for a quicker response.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your LEE CLASSIC LOADERS LEE PRECISION 44 MAGNUM LOADER. Always prioritize safety and be aware of your surroundings while engaging in reloading activities.
