# **PACESETTER RIFLE THREEDIE SETS LEE PRECISION 222 REMINGTON PACESETTER 3DIE SET Safety Instructions**

## **Introduction**

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for reloading 222 Remington cartridges. Please read this safety instruction guide carefully to ensure safe and effective use of the die set.

## **General Safety Guidelines**

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure that the reloading area is wellventilated and free from distractions.
- Store components and finished ammunition in a secure place, away from children and unauthorized users.
- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Familiarize yourself with the specific reloading procedures for the 222 Remington cartridge.
- Report any unsafe products or accidents to local authorities immediately.
- Check for recalls and safety updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- **Hazard Identification:**
  - Improper use of the reloading dies can lead to accidents, including misfires or explosions.
  - Handling of gunpowder and primers can pose fire and explosion hazards.
- **Avoiding Hazards:**
  - Always ensure that the reloading press is securely mounted before use.
  - Do not exceed recommended powder charges as specified in the load data.
  - Keep all reloading components away from heat sources and open flames.
  - Never attempt to modify the dies or use them for purposes other than intended.
- **Age and Audience Warnings:**
  - This product is intended for use by adults only. Keep out of reach of children.
  - Ensure that anyone using this product has adequate knowledge of reloading safety practices.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure that your reloading press is compatible with 7/8"14 threads.
- Securely attach the Full Length Sizing Die to the reloading press.
- Follow the same procedure for the Bullet Seating Die and Factory Crimp Die.
- Insert the Universal Shell Holder into the press to hold the cartridge case during reloading.

### **2. Usage:**

- Refer to the included instructions and load data for specific reloading steps.

- Use the Powder Dipper to measure the correct amount of powder for each cartridge.
- Carefully seat the bullet using the Bullet Seating Die, ensuring it is properly aligned.
- Employ the Factory Crimp Die to crimp the bullet securely in place.
- Inspect each completed cartridge for consistency and safety before use.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not throw away live ammunition or hazardous materials in regular trash.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety concerns, please reach out to your local distributor or authorized dealer. Ensure you provide them with the product name and any relevant details for effective support.

By following these guidelines, you can safely and effectively use the PACESETTER RIFLE THREEDIE SET. Enjoy your reloading experience responsibly!
