# **PACESETTER RIFLE THREEDIE SETS LEE PRECISION 243 WINCHESTER Safety Instruction Guide**

## **Introduction**

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for reloading ammunition for the 243 Winchester cartridge. To ensure safe and effective use of this product, please read this safety instruction guide carefully. This document complies with the EU General Product Safety Regulation (GPSR) to provide you with essential safety information and guidelines.

## **General Safety Guidelines**

- Always handle reloading equipment with care and respect.
- Ensure you are in a wellventilated area when reloading.
- Keep all components and tools out of reach of children and unauthorized users.
- Wear appropriate safety gear, including safety glasses and gloves, when handling ammunition components.
- Regularly inspect your reloading equipment for wear and damage.
- Follow all local laws and regulations regarding ammunition reloading and storage.

## **Specific Safety Precautions for Use**

### **• Hazard Identification:**

- Potential hazards include the risk of explosion, burns from hot materials, and injury from sharp tools.

### **• Avoiding Hazards:**

- Never exceed recommended powder charges as specified in load data.
- Always use the correct die for the specific cartridge you are reloading.
- Ensure that the workspace is free from flammable materials.
- Store primers and powders in a cool, dry place, away from direct sunlight.
- Do not consume food or beverages in the reloading area to avoid contamination.
- Always doublecheck that the correct components are being used before starting the reloading process.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure your reloading press is securely mounted to a stable workbench.
- Install the Full Length Sizing Die into the press according to the manufacturer's instructions.
- Attach the Bullet Seating Die and Factory Crimp Die as per the provided guidelines.
- Use the Universal Shell Holder to securely hold your cartridge case during reloading.

### **2. Usage:**

- Refer to the included Instructions/Load Data for specific load recommendations.
- Measure powder charges accurately using the Powder Dipper provided.

- Follow the recommended steps for resizing, seating, and crimping your ammunition.
- After completing the reloading process, visually inspect each cartridge for consistency and quality.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of any hazardous materials in regular waste.
- Check with local authorities for proper disposal methods for primers, powders, and other reloading materials.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the PACESETTER RIFLE THREEDIE SET, please refer to the contact information provided with your product packaging. It is important to have access to reliable support for any questions related to safety and usage.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and enjoyable reloading experience with the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. Always prioritize safety and stay informed about best practices in ammunition reloading. Thank you for your attention to these important safety measures.
