# **PACESETTER RIFLE THREEDIE SETS LEE PRECISION 3006 SPRINGFIELD PACESETTER 3DIE SET Safety Instructions**

## **Introduction**

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for safe and efficient reloading of 3006 Springfield cartridges. To ensure your safety and the proper functioning of this product, please read and follow these safety instructions carefully.

## **General Safety Guidelines**

- Ensure that you are familiar with the basic principles of reloading ammunition before using this product.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading.
- Keep the reloading area clean and free from distractions to avoid accidents.
- Store all reloading components, including this die set, out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Do not use the die set for any cartridges other than 3006 Springfield.
- Always doublecheck that the die set is securely attached to the reloading press before use.
- Avoid overtightening the dies as this may damage the equipment and lead to unsafe conditions.
- Use the correct shell holder for the 3006 Springfield cartridge to ensure proper alignment and function.
- Follow the recommended load data provided in the instructions to avoid overloading cartridges.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure the reloading press is securely mounted and stable.
- Attach the Full Length Sizing Die to the press using the appropriate wrench, ensuring it is tightened but not overtightened.
- Install the Bullet Seating Die in the same manner, ensuring it is aligned correctly.
- Finally, attach the Factory Crimp Die, following the same procedure.

### **2. Usage:**

- Begin by sizing the brass cases with the Full Length Sizing Die. This step ensures that cases fit properly in the chamber.
- Measure the powder charge using the Powder Dipper provided. Follow the recommended load data.
- Seat the bullets using the Bullet Seating Die. Adjust the die as necessary to achieve the desired bullet seating depth.
- Apply the crimp using the Factory Crimp Die to secure the bullet in place.
- Inspect each completed cartridge for any defects before use.

## **Disposal Instructions**

- Dispose of any unused or spent components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Check with local waste management

services for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for your attention to these safety instructions. By following them, you can ensure a safe and effective reloading experience with your PACESETTER RIFLE THREEDIE SET.
