## Safety Instruction Guide

### Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for reloading 300 Winchester Magnum cartridges. It is essential to follow the safety instructions and guidelines provided in this manual to ensure safe and effective use of the die set.

### General Safety Guidelines

- Always read and understand all instructions and warnings before using the product.
- Ensure that you are using the die set with a compatible 7/8"14 reloading press.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading materials.
- Be aware of your surroundings and ensure that you are working in a safe environment free from distractions.

### Specific Safety Precautions for Use

#### • Hazard Identification:

- Risk of injury from handling sharp tools and components.
- Risk of explosion or injury from improper loading of cartridges.
- Chemical exposure from powders and primers used in reloading.

#### • Precautions:

- Handle all reloading components with care, avoiding direct contact with fingers where possible.
- Always measure powder charges accurately using a scale.
- Follow the load data provided in the instructions carefully to avoid overloading.
- Never exceed the maximum load data specified for the cartridge.
- Store all reloading materials in a cool, dry place, away from heat sources and direct sunlight.
- Dispose of any unused materials according to local regulations.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Attach the Full Length Sizing Die to the press according to the manufacturer's instructions.
- Install the Bullet Seating Die and the Factory Crimp Die in the same manner.
- Insert the Universal Shell Holder into the press, ensuring it is seated properly.

#### 2. Usage:

- Begin by resizing the brass cases using the Full Length Sizing Die.
- Next, charge the cases with the appropriate amount of powder using the Powder Dipper.
- Seat the bullets using the Bullet Seating Die, ensuring they are at the correct overall length.
- Finally, apply a factory crimp using the Factory Crimp Die to secure the bullet in place.
- Refer to the included load data for specific measurements and recommendations.

## **Disposal Instructions**

- Dispose of any empty powder containers, primers, and other reloading materials in accordance with local hazardous waste regulations.
- Do not dispose of reloading materials in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the PACESETTER RIFLE THREEDIE SET, please refer to the contact information provided on the packaging or visit the manufacturer's website.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and enjoyable reloading experience with your PACESETTER RIFLE THREEDIE SET. Always prioritize safety and stay informed about best practices in reloading. Thank you for your purchase, and happy reloading!
