PACESETTER RIFLE THREEDIE SET LEE PRECISION 303 BRITISH PACESETTER 3DIE SET Safety Instruction Guide

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed to assist you in safely reloading ammunition for the 303 British cartridge. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle reloading equipment and components with care.
- Ensure that you are familiar with the operation of your reloading press and all related equipment.
- Store all reloading components in a safe, dry place, away from children and pets.
- Wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep your work area clean and organized to prevent accidents.
- Be aware of the potential hazards associated with reloading, including the handling of gunpowder and primers.

Specific Safety Precautions for Use

- **Use Proper Components:** Only use components that are compatible with the 303 British cartridge and the LEE PRECISION 3DIE SET.
- **Follow Load Data:** Always refer to the provided load data and instructions. Do not exceed recommended powder charges.
- **Inspect Equipment:** Regularly inspect your dies, shell holder, and other equipment for wear and damage. Replace any damaged components immediately.
- **Avoid Distractions:** Do not reload ammunition when you are tired, under the influence of drugs or alcohol, or distracted by other activities.
- **Keep Powder Away from Heat:** Store gunpowder in a cool, dry place away from direct sunlight and heat sources.

Instructions for Installation and Usage

1. Setup Your Reloading Press:

- Ensure your reloading press is securely mounted to a stable workbench.
- Attach the Universal Shell Holder to the press according to the manufacturer's instructions.

2. Install the Dies:

- Insert the Full Length Sizing Die into the press and tighten securely.
- Follow the same procedure for the Bullet Seating Die and the Factory Crimp Die.
- Adjust the dies according to the instructions provided in the load data.

3. Reloading Process:

- Begin with the Full Length Sizing Die to resize the cartridge cases.
- Use the Powder Dipper to measure the correct amount of powder and pour it into the resized case.
- Insert a bullet into the case and use the Bullet Seating Die to seat the bullet to the desired depth.
- Finally, use the Factory Crimp Die to crimp the bullet in place.

4. Final Inspection:

- Inspect each cartridge for proper seating and crimping before use.
- Store completed cartridges in a labeled container.

Disposal Instructions

- Dispose of any unused or excess reloading components in accordance with local regulations.
- Do not dispose of gunpowder or primers in regular trash. Contact local waste management authorities for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For further support or safety inquiries, please refer to the contact information provided with your product packaging or on the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using the PACESETTER RIFLE THREEDIE SET by LEE PRECISION.
