

BULGE BUSTER - LEE PRECISION LEE BULGE BUSTER

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Push through die adapter will quickly remove the annoying bulge rings that shell holder constrained dies simply can't reach Bulge Buster Kit includes: extension sleeve, push through punch, catch container and complete instructions. Use with your Lee Factory Crimp Die Will ONLY work with these cases: 380 ACP, 10mm, 40 S&W, 41 AE (Use .40 S&W Factory Crimp Die), 45 ACP, 45 GAP, and 45 Win Mag. The Lee Carbide Factory Crimp Die is required and must be purchased separately. This die requires the purchase of the appropriate caliber Lee factory crimp die along with the bulge buster kit. Lee does not recommend the use of this kit on cartridges that were fired thru Glock pistols or any other pistol that does not completely support the case head when round is chambered.

BULGE BUSTER LEE PRECISION LEE BULGE BUSTER Safety Instruction Guide

Introduction

Thank you for purchasing the Bulge Buster Lee Precision Bulge Buster. This product is designed to help reloaders remove bulge rings from cases that cannot be resized using standard shell holder constrained dies. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you are familiar with the safe handling and operation of reloading equipment.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the Bulge Buster.
- Keep the workspace clean and organized to prevent accidents.
- Store the Bulge Buster and all reloading components in a safe place, away from children and unauthorized users.
- Regularly inspect the Bulge Buster for any signs of wear or damage before use.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Only use the Bulge Buster Kit with the specified cases: 380 ACP, 10mm, 40 S&W, 41 AE (with .40 S&W Factory Crimp Die), 45 ACP, 45 GAP, and 45 Win Mag.
- Ensure that the Lee Carbide Factory Crimp Die is purchased separately and is compatible with the specific caliber you are using.
- Do not use the Bulge Buster Kit with cartridges fired through Glock pistols or any other pistols that do not fully support the case head when the round is chambered.
- Always follow the manufacturer's instructions for installation and usage to avoid personal injury or damage to the product.
- If you encounter any issues while using the Bulge Buster, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary components: Bulge Buster Kit (extension sleeve, push through punch, catch container) and the compatible Lee Factory Crimp Die.
- Ensure your workspace is clean and free from obstructions.

2. Installation:

- Attach the extension sleeve to the Lee Factory Crimp Die according to the manufacturer's instructions.
- Insert the push through punch into the extension sleeve.

3. Usage:

- Place the case that needs bulge removal into the catch container.
- Carefully push the case through the die using the push through punch.
- Inspect the case after removal to ensure that the bulge has been eliminated.
- Repeat the process as necessary for additional cases.

4. PostUsage:

- Clean the Bulge Buster components after use to maintain their functionality.
- Store the Bulge Buster Kit and any associated components in a safe location.

Disposal Instructions

- Dispose of any damaged or worn components of the Bulge Buster Kit in accordance with local regulations.
- If you no longer require the Bulge Buster Kit, consider recycling the materials if possible, or dispose of them responsibly to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Bulge Buster Lee Precision Bulge Buster, please refer to the manufacturer's website or customer service for assistance.

Conclusion

By following the guidelines and instructions provided in this safety instruction guide, you can ensure the safe and effective use of the Bulge Buster Lee Precision Bulge Buster. Always prioritize safety and compliance with relevant regulations while reloading ammunition. Thank you for choosing this product, and happy reloading!
